

Base Prospectus dated 21 December 2022

AIR FRANCE-KLM SA
(Established as a *société anonyme* in the Republic of France)

EURO 4,500,000,000
EURO MEDIUM TERM NOTE PROGRAMME

Under its €4,500,000,000 Euro Medium Term Note Programme (the "**Programme**"), Air France-KLM SA ("**Air France-KLM**" or the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 4,500,000,000 (or the equivalent in other currencies at the date of issue of any Notes).

This base prospectus, as may be supplemented from time to time (the "**Base Prospectus**") constitutes, at the date hereof, a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 of 14 June 2017, as amended (the "**Prospectus Regulation**").

This Base Prospectus received the approval number 22-500 on 21 December 2022 from the *Autorité des marchés financiers* ("**AMF**") and shall be valid for admission to trading of Notes on a Regulated Market until 21 December 2023, provided that it is completed from time to time by any supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of an investment in the Notes. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority under the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made during the period of twelve (12) months from the date of the approval granted by the AMF on this Base Prospectus for Notes to be issued under the Programme to be listed and/or admitted to trading on Euronext Paris and/or any other regulated market as defined in the Directive 2014/65/EU dated 15 May 2014 on markets in financial instruments, as amended, situated in a Member State of the European Economic Area (the "**EEA**") (each such market being a "**Regulated Market**"). The Notes issued under the Programme may also be unlisted or listed on an alternative trading platform. The relevant final terms in respect of the issue of any Notes (the "**Final Terms**") will specify whether or not an application has been or will be made for such Notes to be listed and/or admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and/or admitted to trading.

As at the date of this Base Prospectus, the Issuer and the Programme are unrated. Notes issued pursuant to the Programme may be rated or unrated. The rating of Notes (if any) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) 1060/2009, as amended (the "**CRA Regulation**") will be disclosed in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning credit rating agency without notice.

The final terms of the Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

This Base Prospectus, any supplement thereto and the Final Terms related to the Notes that are listed and/or admitted to trading on any Regulated Market are or will be available on the website of the AMF (www.amf-france.org) and on the Issuer's website (www.airfranceklm.com).

Prospective investors should carefully review and consider the section headed "Risk Factors" in this Base Prospectus before deciding to invest in the Notes issued under the Programme.

This Base Prospectus, together with any supplements to this Base Prospectus published from time to time, constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation in respect of, and for the purpose of giving necessary information with regard to, the Issuer and the Issuer and its consolidated subsidiaries taken as a whole (the Group) which is material to an investor for making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer.

This Base Prospectus should be read and construed in conjunction with any supplement thereto and with any other documents incorporated by reference therein (see section "*Documents Incorporated by Reference*"), each of which shall be incorporated and form part of this Base Prospectus and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms.

Other than in relation to the documents which are deemed to be incorporated by reference (see the section "*Documents Incorporated by Reference*"), the information on the websites to which this Base Prospectus refers (including, for the avoidance of doubt, any information on the websites which appear in the documents incorporated by reference) does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus, and has not been scrutinized or approved by the AMF.

No person has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Base Prospectus in connection with the issue or sale of Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Dealers or the Arranger (each defined in section "*Subscription and Sale of the Notes*"). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer and the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus, any Final Terms, any offering materials under the Programme and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see section "*Subscription and Sale of the Notes*" herein.

No action has been taken by the Issuer, the Arranger or any of the Dealers which would permit a non-exempt offer of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any Final Terms or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons (as defined in Regulations S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

The Notes may include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered or sold or in the case of Materialised Notes in bearer form, delivered within the United States or to or for the account or benefit of, U.S. persons as defined in Regulation S under the Securities Act ("Regulation S") or, in the case of Materialised Notes in bearer form, the U.S. Internal Revenue Code of 1986, as amended (the "U.S. Internal Revenue Code").

Neither this Base Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of the Issuer, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information contained or incorporated by reference in this Base Prospectus. Neither this Base Prospectus nor any financial statements (including any information incorporated by reference) are intended to provide the basis of any credit or other evaluation and nor should they be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or of any financial statements (including any information incorporated by reference) should purchase the Notes. In making an investment decision regarding the Notes, prospective investors must rely on their own independent investigation and appraisal of the Issuer or the Group and the terms of the offering, including the merits and risks involved. For further details, see section "*Risk Factors*" herein. The contents of this Base Prospectus or any Final Terms are not to be construed as legal, business or tax advice. Each prospective investor should determine for itself and/or consult its own advisers as to legal, tax, financial, credit and related aspects of an investment in the Notes. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority ("ESMA") on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU dated 15 May 2014 on markets in financial instruments (as amended, "MiFID II") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purposes of the MiFID II Product Governance rules under Delegated Directive 2017/593/EU (the "MiFID II Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexit our approach to EU non-legislative materials"), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. For the avoidance of doubt, the Issuer is not a UK MiFIR regulated entity and does not qualify as a distributor or a manufacturer under the UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation 1286/2014/EU, as amended (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT - PROHIBITION OF SALES TO UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

NOTIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 OF SINGAPORE, AS MODIFIED OR AMENDED FROM TIME TO TIME (THE "SFA") – The Final Terms in respect of any Notes may include a legend entitled "Notification pursuant to Section 309B of the Securities and Futures Act 2001 of Singapore". Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the SFA, the Issuer has determined, and hereby notifies all relevant persons (as defined in section 309A(1) of the SFA) that, unless otherwise stated in the relevant Final Terms, all Notes issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Independent review and advice

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

The Notes may not be a suitable investment for all investors

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any supplement thereto and the relevant Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the prospective investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and

- (vi) be aware, in terms of legislation or regulatory regime applicable to such investor of the applicable restrictions on its ability to invest in the Notes and in any particular type of Notes.

A prospective investor should not invest in Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

Taxation

Prospective purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes such as the Notes.

Credit ratings

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those arising from the offered Notes.

Inflation Linked Notes

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE and Eurostat make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE and Eurostat, as the case may be, without regard to the Issuer or the Notes. Neither the INSEE nor Eurostat, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in determination or calculation of the interest payable under such Notes. Neither the INSEE nor Eurostat has any obligation or liability in connection with the administration, marketing or trading of the Notes. The INSEE or Eurostat, as the case may be, has no responsibility for any calculation agency adjustment made for the indices.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

None of the Issuer, the Arranger, the Dealers or any of their respective affiliates makes any representation as to the Inflation Indices (as defined herein). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to any of the inflation indices that is or may be material in the context of Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the holders of the Notes or any other party such information (whether or not confidential).

Sustainability-Linked Notes

None of the Issuer nor the Arranger nor the Dealers is responsible for any third party social, environmental and sustainability assessment of the Notes. The Notes may not satisfy an investor's requirements or any future legal or industry standards for investment in assets with sustainability characteristics. Investors should conduct their own assessment of the Notes from a sustainability perspective. Investors should note that the net proceeds of any issue of the Notes will be used for the Issuer's general corporate purposes, unless otherwise specified in the relevant Final Terms. In addition, no assurance or representation is given by the Issuer, any other member of the Group, the Arranger, the Dealers, the SPO Provider (as defined below) or any External Verifier (as defined below) as to the suitability or reliability for any purpose whatsoever of any opinion, report or certification of any third party in connection with the offering of any Sustainability-Linked Notes under the Programme. Noteholders have no recourse against the Issuer, any member of the Group, the Arranger or the Dealers for the contents of any such opinion, certification or verification. Any such opinion, report or certification and any other document related thereto is not, nor shall it be deemed to be, incorporated in and/or form part of this Base Prospectus.

The Notes may also be redeemed early at the option of the Issuer and/or at the option of any Noteholder at the Optional Redemption Amount, if so specified in the applicable Final Terms, or at the Make-Whole Redemption Amount, unless otherwise specified in the applicable Final Terms, or at par if the Clean-up Call Option or Residual Maturity Call Option is specified as applicable in the relevant Final Terms, or at their principal amount if a Change of Control or a Share Transfer occurs.
Optional Redemption:	If specified in the relevant Final Terms, the Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders and, if so, the terms applicable to such redemption.

Residual Maturity Call Option:	If a Residual Maturity Call Option by the Issuer is specified in the relevant Final Terms, the Issuer may, at its option but subject to having given not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem in whole or in part the remaining Notes in that Series at par together with interest accrued to, but excluding, the date fixed for redemption, at any time during the period starting on (and including) the Residual Maturity Call

Option Date (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.

Redemption at the option of Noteholders following a Change of Control: Each Noteholder may at its sole option require the early redemption of all or part of its Notes at their principal amount plus interest accrued since the last Interest Payment Date (or, as the case may be, since the Issue Date) if a Change of Control or a Share Transfer occurs.

Put Option: If the Final Terms issued in respect of a Series of Notes so provide, each Noteholder will have the option to require the Issuer to redeem or, at the Issuer's option, repurchase its Notes on the Optional Redemption Date at its Optional Redemption Amount with interest accrued to the date fixed for redemption.

Taxation: All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law or regulation should require that payments of principal, interest or other revenues in respect of any Note or Coupon be subject to deduction or withholding in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature whatsoever, the Issuer will (subject to certain limited exceptions), to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such deduction or withholding been required.

Interest Periods and Interest Rates: The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest periods permits the Notes to bear interest at different rates in the same interest period. All such information (except the method of calculation) will be set out in the relevant Final Terms.

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest determined as follows:

- (i) on the same basis as the floating rate under an interest rate swap transaction in the relevant specified currency governed by an agreement incorporating the FBF Definitions published by the *Fédération Bancaire Française*; or
- (ii) on the same basis as the floating rate under an interest rate swap transaction in the relevant specified currency governed by an agreement incorporating either the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") or the 2021 ISDA Definitions, as published by the ISDA, in each case as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series as specified in the relevant Final Terms; or
- (iii) on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service or on the basis of market

quotations, subject to the provisions, where applicable, of a benchmark discontinuation.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both, provided that in no event will the relevant interest amount be less than zero.

Benchmark Discontinuation: In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and the application of an adjustment spread).

Inflation Linked Notes: Inflation Linked Notes may bear interest at a rate that will be calculated by reference to an inflation index ratio derived from either (i) the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("INSEE"), or (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat ("Eurostat").

Fixed/Floating Rate Notes: Fixed to Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Zero Coupon Notes: Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not pay periodic interest (other than in the case of late payment).

Sustainability-Linked Notes: *Step Up Option*

Fixed Rate Notes, Floating Rate Notes and Fixed/Floating Rate Notes issued by the Issuer may be subject to a Step Up Margin if the relevant Final Terms indicate that the Step Up Option is applicable. If the Step Up Option is specified as being applicable in the relevant Final Terms and a Step Up Trigger Event occurs, the Rate of Interest (or the applicable Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) for each Interest Period from and including any Interest Step Up Payment Date until the Maturity Date, shall be the sum of the Initial Rate of Interest (or the initial Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) and the applicable Step Up Margin.

Premium Payment Option

Fixed Rate Notes, Floating Rate Notes and Fixed/Floating Rate Notes issued by the Issuer may be subject to a Premium Payment Amount if the relevant Final Terms indicate that the Premium Payment Option is applicable. If the Premium Payment Option is specified as being applicable in the relevant Final Terms and a Premium Trigger Event occurs, the Notes shall be redeemed on the relevant Premium Payment Date at their Adjusted Final Redemption Amount.

See Condition 6.5 "Sustainability-Linked Notes" for further information.

Redenomination: Notes issued in the currency of any Member State of the EU which will participate in the single currency of the EU may be redenominated into Euro, all as more fully provided in Condition 2 (*Form, denomination(s), title, redenomination and method of issue*) below.

Consolidation: Notes of one Series may be consolidated with Notes of another Series as more fully provided in Condition 14 (*Further issues and consolidation*).

Governing Law and Jurisdiction: French law.

Any legal action or proceeding arising out of or in connection with the Notes, Coupons or Talons will be irrevocably submitted to the exclusive jurisdiction of the competent courts of the Issuer's head office.

Clearing Systems: The Notes will be accepted for clearance through Euroclear France as central depository in relation to Dematerialised Notes and Clearstream, Euroclear or any other clearing system that may be agreed between the Issuer, the Fiscal Agent (as defined in "Terms and Conditions of the Notes") and the relevant Dealer in relation to Materialised Notes, as may be specified in the relevant Final Terms.

Issue Price: Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and each relevant Dealer at the time of issue in accordance with prevailing market conditions.

Admission to Trading: Application may be made for Notes to be issued under the Programme, for a period of twelve (12) months from the date of the approval granted by the AMF on this Base Prospectus, to be admitted to trading on Euronext Paris. The Notes may also be listed or admitted to trading, as the case may be, on any other Regulated Market in accordance with the Prospectus Regulation or on any other trading platform, or a Series of Notes may be unlisted, or Notes which are neither listed nor admitted to trading may also be issued, in any case as specified in the relevant Final Terms.

Method of Publication: This Base Prospectus, any supplement to this Base Prospectus and any documents incorporated by reference in the Base Prospectus will be published on the websites of (a) the Issuer (www.airfranceklm.com) and (b), provided they constitute documents on which the AMF has granted a filing or registration number, the AMF (www.amf-france.org). The Final Terms relating to Notes admitted on any Regulated Market in accordance with the Prospectus Regulation will be published, so long as such Notes are admitted to trading on Euronext Paris, on the websites of (a) the Issuer (www.airfranceklm.com) and (b) the AMF (www.amf-france.org).

There are other restrictions on the offer and sale of Notes and the distribution of offering material in various jurisdictions including the United States of America, United Kingdom, Hong Kong, People's Republic of China and Singapore. See the section headed "Subscription and Sale" of this Base Prospectus.

The Issuer is Category 2 for the purposes of Regulation S.

Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) or any successor regulation issued under the U.S. Internal Revenue Code of 1986 as amended (the "**Code**") section 4701(b) that contains rules identical to the rules that currently apply under Code section 163(f)(2)(B) (the "**D Rules**") unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) or any successor regulation issued under Code section 4701(b) that contains rules identical to the rules that currently apply under Code section 163(f)(2)(B) (the "**C Rules**") or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

Dematerialised Notes do not require compliance with TEFRA.

Rating:

As at the date of this Base Prospectus, the Issuer and the Programme are unrated. Notes issued under the Programme may, or may not, be rated. The rating of Notes (if any) will be specified in the relevant Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency without notice.

Representation of Noteholders:

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defense of their common interests in a *masse* (the "**Masse**") and the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* relating to the Masse, with the exception of Articles L. 228-48, L. 228-59, L. 228-65 I 1° and 4°, L. 228-65 II, L. 228-71, R. 228-67, R.228-69, R.228-72 and R. 228-76 al. 1, as amended and supplemented by Condition 12 of the Terms and Conditions, shall apply.

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

2. Risk factors relating to the Notes

The following paragraphs describe the principal risk factors that the Issuer believes are material for the purpose of assessing the market risk associated with the Notes.

2.1 Risks related to legal issues regarding the Notes

Credit Risk

As contemplated in Condition 4, the Notes and, where applicable, the Coupons relating to these constitute direct, general, unconditional, unsubordinated and (subject to the provisions of Condition 5) unsecured obligations of the Issuer. An investment in the Notes involves credit risk on the Issuer. The value of the Notes will depend on the creditworthiness of the Issuer. If the creditworthiness of the Issuer deteriorates, the potential impact on the Noteholder could be very high. A deterioration in creditworthiness of the Issuer could give rise to serious negative repercussions on the Noteholders, and notwithstanding Condition 10 which enables the Noteholders to request the redemption of the Notes, because: (i) the Issuer may not be able to fulfil all or part of its payment obligations under the Notes, (ii) the market value of the Notes may decrease, and (iii) Noteholders may lose all or part of their investment.

French insolvency law

The Issuer is a *société anonyme* with its corporate seat in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the Ordonnance 2021-1193 dated 15 September 2021. Such Ordonnance, applicable as from 1 October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this Ordonnance, “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a cross-class cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the representation of Noteholders described in Condition 12 will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decision taken by a class of affected parties, could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Modification of the Terms and Conditions of the Notes

Condition 12 of the Terms and Conditions of the Notes contains provisions for calling General Meetings of Noteholders or consulting them by way of consultation in writing to consider matters affecting their interests generally. The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting, Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected, a Written Resolution. Noteholders may through Collective Decisions deliberate on proposals relating to the modification of the Terms and Conditions of the Notes subject to the limitations provided by French law. If a proposal is duly adopted through such a Collective Decision and such modifications were to impair or limit the rights of Noteholders, this could have a negative impact on the market value of the Notes.

2.2 Risks related to the structure of a particular issue of Notes

2.2.1 Early redemption Risks

Notes subject to optional and early redemption by the Issuer

The Issuer has the option to redeem all of the Notes:

- under a call option as provided in Condition 7.2.1 of the Terms and Conditions if, in the case of any particular Series of Notes, the relevant Final Terms so specify; or
- under a make-whole call option as provided in Condition 7.2.2 of the Terms and Conditions unless in the case of any particular Series of Notes the Final Terms specify otherwise; or
- under a clean-up call option as provided in Condition 7.2.3 of the Terms and Conditions if, in the case of any particular Series of Notes, the relevant Final Terms so specify; or
- under a residual maturity call option as provided in Condition 7.2.4 of the Terms and Conditions if, in the case of any particular Series of Notes, the relevant Final Terms so specify.

Any optional redemption feature where the Issuer is given the right to redeem the Notes early is likely to limit the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

In particular, with respect to the Residual Maturity Call Option by the Issuer, there is no specified period for the exercise of such option in Condition 7.2.4 (*Residual Maturity Call Option*). The duration of the exercise period is not framed by the Terms and Conditions of the Notes and will be specified in the relevant Final Terms depending on the type and features of the Notes to be issued. Such exercise period may be different between Series of Notes and it may differ from the exercise period of residual maturity call option usually specified for similar securities.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

As a consequence, redemption at the option of the Issuer could cause the yield anticipated by the Noteholders to be considerably less than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. Part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

In particular, with respect to the Clean-up Call Option by the Issuer, there is no obligation under the Terms and Conditions of the Notes for the Issuer to inform Noteholders if and when the threshold of 25% of the initial aggregate principal amount of a particular Series of Notes referred to in Condition 7.2.3 (*Clean-up Call Option*) has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that, immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

Risks related to partial redemption by the Issuer of the Notes

The Call Option (provided in Condition 7.2.1 of the Terms and Conditions), the Make-Whole Redemption (provided in Condition 7.2.2 of the Terms and Conditions) and the Residual Maturity Call Option (provided in Condition 7.2.4 of the Terms and Conditions) are exercisable in whole or in part (if so provided in the case of the Call Option). If the Issuer decides to redeem the Notes in part, such partial redemption shall be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed). The exercise of such options by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the proportion of the principal amount of all of the Notes so reduced, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

Risk related to the exercise of a put option by the Noteholders following a Change of Control or a Share Transfer or if a Put Option is specified in the applicable Final Terms

In the event of a Change of Control of the Issuer or in the event a Share Transfer in each case as provided in Condition 7.3.1 (*Redemption at the option of Noteholders following a Change of Control*) of the Terms and Conditions of the Notes, each Noteholder will have the right at its sole option to request the Issuer to redeem all or part of its Notes at their principal amount together with any accrued interest (subject to certain conditions, all as more fully described in Condition 7.3.1 (*Redemption at the option of Noteholders following a Change of Control*)). In such case, any trading market in respect of those Notes in respect of which such redemption right is not exercised may become less liquid or illiquid. As of 30 June 2022, the Issuer holds 100% of the share capital and voting rights of Société Air France and 99.70% of the dividend rights and 49% of the voting rights of KLM.

In addition, Condition 7.3.2 of the Terms and Conditions of the Notes allows the Noteholders to exercise the Put Option with respect to a Series of Notes if the relevant Final Terms so specify.

Depending on the number of Notes of the same Series in respect of which such options are exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become less liquid or illiquid. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

Redemption for taxation reason

In the event that the Issuer would be obliged to pay additional amounts in respect of any Notes due to any deduction or withholding in respect of any present or future taxes or duties whatsoever, as provided in Condition 7.6 of the Terms and Conditions of the Notes, the Issuer may and, in certain circumstances shall, redeem all of the Notes then outstanding in accordance with such Condition. As a consequence, investors that choose to reinvest monies they receive through an early redemption may not be able to do so at the same yield than the redeemed Notes.

2.2.2 Interest Rate Risks

Floating Rate Notes

Condition 6.2 of the Terms and Conditions of the Notes allows for Floating Rate Notes to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such reference rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (*e.g.*, every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. Therefore, the amount of interest payable by the Issuer may vary and Noteholders may receive no interest. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting in the reference rate and the relevant margin, be lower than the relevant margin, provided that in no event will the relevant interest amount be less than zero. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

In addition, a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definitive yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms of a Tranche of Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. As a result, Noteholders may lose all or part of their investments in the Notes and therefore their interests may be significantly negatively altered.

Fixed Rate Notes

Condition 6.1 of the Terms and Conditions of the Notes allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the market value of the relevant Notes and potentially decrease the yield. As a consequence, the value on transfer of the Notes would be less than it would otherwise have been. The degree to which the market interest may vary presents a significant risk to the market value of the relevant Tranche of Notes if the Noteholder were to dispose of the Notes. As a consequence, part of the capital invested by the Noteholder may be lost on any transfer of the Notes, so that the Noteholder in such case would not receive the total amount of the capital invested.

Inflation Linked Notes

Condition 6.2.4 of the Terms and Conditions of the Notes allows for the issuance of Inflation Linked Notes. Inflation Linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an inflation index, which will be either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "CPI") as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("INSEE"), or (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "HICP") (each an "Inflation Index" and together, the "Inflation Indices"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes. Noteholders may receive no interest and it could materially and adversely affect the liquidity of the Notes and investors could lose all or part of their investment.

Fixed/Floating Rate Notes

Condition 6.3 of the Terms and Conditions of the Notes allows for Fixed/Floating Rate Notes to be issued. Fixed/Floating rate Notes bear interest at a rate that will automatically, or that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. Where the Notes convert from a fixed rate to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes having the same reference rate. In addition, the new floating rate may be lower at any time than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Investors should refer to risk factors set out in the risk factors entitled "Fixed Rate Notes" and "Floating Rate Notes".

Zero Coupon Notes

Condition 6.4 of the Terms and Conditions of the Notes allows for Zero Coupon Notes to be issued. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk and Noteholders may, as a result, lose all or part of their investment in the Notes.

Notes issued at a substantial premium

The relevant Final Terms of a Tranche of Notes will specify the relevant issue price. The market values of securities issued at a substantial premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Therefore, holders of Notes issued at a substantial premium could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

Risks related to the regulation and reform of "benchmarks"

In accordance with the provisions of Condition 6.2.3(e) of the Terms and Conditions of the Notes and where the applicable Final Terms for a Series of Floating Rate Notes or Fixed/Floating Rate Notes, as the case may be, specify that the Rate of Interest for such Notes will be determined by reference to Reference Rates that constitute "benchmarks" (including EURIBOR), it should be noted that such "benchmarks" are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing such a "benchmark".

Regulation (EU) 2016/1011, as amended (the "**Benchmarks Regulation**") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union.

Among other things, it (i) requires benchmark administrators to be authorised or registered with the competent authority of a Member State (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered with the competent authority of a Member State (or, if non-EU based, not deemed equivalent or recognised or endorsed).

Notwithstanding the provisions of Condition 6.2.3(e) (*Benchmark Discontinuation*), the Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark, in particular:

- an index that is a "benchmark" may not be permitted to be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- if the methodology or other terms of the relevant benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain benchmarks: (i) discourage market participants from continuing to administer or contribute to certain benchmarks; (ii) trigger changes in the rules or methodologies used in certain benchmarks or (iii) lead to the disappearance of certain benchmarks. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing a benchmark.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to critical benchmarks and third-country benchmarks until the end of 2021.

The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR) by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission or the relevant national authority, such replacement being limited to contracts and financial instruments (such as certain Notes issued under the Programme) which contain no fallback provision or no suitable fallback provisions before the date of cessation of the benchmark concerned. This replacement could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or unavailable benchmark.

In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary.

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes or Fixed/Floating Rate Notes which are linked to or which reference such benchmark will be determined for the relevant period pursuant to the fall-back provisions applicable to such Floating Rate Notes or Fixed/Floating Rate Notes (please refer to the risk factor entitled "*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing such "benchmarks"*" below). Depending on the manner in which a benchmark is to be determined under the Terms and Conditions, this may, in certain circumstances, (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the benchmark rate is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing a "benchmark".

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing such "benchmarks"

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, Condition 6.2.3(e) of the Terms and Conditions of the Notes provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Floating Rate Notes or Fixed/Floating Rate Notes by reference to such benchmark under the Benchmarks Regulation or otherwise. Such fallback arrangements include the possibility for the rate of interest to be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions of the Notes), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, the ultimate fallback for a particular Interest Period, including where no Independent Adviser has been appointed or Successor Rate or Alternative Rate (as applicable) is determined, may be that the rate of interest for such Interest Period be based on the rate which applied for the immediately preceding Interest Period. In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

This ultimate fallback may result in the effective application of a Fixed Rate Notes linked to or referencing a "benchmark". In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Floating Rate Notes or Fixed/Floating Rate Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing a "benchmark". The Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to each Noteholder.

Investors should consider all of these matters when making their investment decision with respect to the relevant Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing such "benchmarks" because the occurrence of a Benchmark Event could result in the loss of a portion of the principal amount invested in the relevant Floating Rate Notes or Fixed/Floating Rate Notes.

The market continues to develop in relation to risk free rates (including overnight rates such as SOFR) as reference rates for Floating Rate Notes or Fixed/Floating Rate Notes

Condition 6.2.3(d) allows Notes referencing the Secured Overnight Financing Rate ("SOFR") to be issued. Currently, the market continues to develop in relation to the adoption of SOFR as an alternative reference rate to U.S. dollar LIBOR. The market may adopt an application of SOFR that differs significantly from the provisions set out in the Terms and Conditions of the Notes (see Condition 6.2.3(d)) and used in relation to Notes with a floating rate of interest that reference a SOFR rate.

The nascent development of these overnight risk-free rates as interest reference rates for the Eurobond markets, as well as continued development of such rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Floating Rate Notes or Fixed/Floating Rate Notes. The return on and value of Notes that reference a SOFR rate may fluctuate more than Notes that are linked to less volatile rates. Since overnight risk-free rates are relatively new market indexes, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Investors in the Notes may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Interest on Notes which reference a SOFR rate is only capable of being determined at the end of the relevant interest period and immediately prior to the relevant Interest Payment Date and it could be difficult for investors to estimate in advance the interest amount which will be payable on such Notes.

The use of SOFR as a reference rate is subject to important limitations

The rate of interest on the Notes may be calculated on the basis of SOFR (as further described under Condition 6.2.3(d)).

In June 2017, the New York Federal Reserve's Alternative Reference Rates Committee (the "ARRC") announced SOFR as its recommended alternative to U.S. dollar LIBOR. However, the composition and characteristics of SOFR are not the same as those of LIBOR. SOFR is a broad U.S. Treasury repo financing rate that represents overnight secured funding transactions. This means that SOFR is fundamentally different from LIBOR for two key reasons. First, SOFR is a secured rate, while LIBOR is an unsecured rate. Second, SOFR is an overnight rate, while LIBOR represents interbank funding over different maturities. As a result, SOFR may not perform in the same way as LIBOR would have at any time, including, without limitation, as a result of changes in interest and yield rates in the market, market volatility or global or regional economic, financial, political, or regulatory events. For example, since publication of SOFR began in April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmark or other market rates.

As SOFR is an overnight funding rate, interest on SOFR-based Notes with interest periods longer than overnight will be calculated on the basis of either the arithmetic mean of SOFR over the relevant interest period or compounding SOFR during the relevant interest period. As a consequence of this calculation method, the amount of interest payable on each interest payment date will only be known a short period of time prior to the relevant interest payment date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

Although the Federal Reserve Bank of New York has published historical indicative SOFR information going back to 2014, such prepublication of historical data inherently involves assumptions, estimates and approximations. Noteholders should not rely on any historical changes or trends in the SOFR as an indicator of future changes in the SOFR.

Also, since the SOFR is a relatively new market index, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms

for debt securities indexed on SOFR, may evolve over time, and trading prices of the Notes may be lower than those of later-issued indexed debt securities as a result. Similarly, if the SOFR does not prove to be widely used in securities like the Notes, the trading price of the Notes may be lower than those of debt securities linked to indices that are more widely used. Noteholders may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market and may consequently suffer from increased pricing volatility and market risk.

The Federal Reserve Bank of New York notes on its publication page for SOFR that use of the SOFR is subject to important limitations and disclaimers, including that the Federal Reserve Bank of New York may alter the methods of calculation, publication schedule, rate revision practices or availability of the SOFR at any time without notice. In addition, SOFR is published by the Federal Reserve Bank of New York based on data received from other sources. SOFR may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of the Noteholders. If the manner in which the SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on the Notes and a reduction in the trading prices of the Notes which would have an adverse effect on the Noteholders who could lose part of their investment.

2.2.3 Risks relating to Sustainability-Linked Notes

Risks that may result from the structure of the financial incentives of Sustainability-Linked Notes

As provided in Condition 6.5 of the Terms and Conditions of the Notes, the applicable Final Terms for a Series of Fixed Rate Notes, Floating Rate Notes or Fixed/Floating Rate Notes may specify that the Notes will be issued as Sustainability-Linked Notes with a Step Up Option and/or a Premium Payment Option which will be triggered if a Sustainability Trigger Event occurs. A Sustainability Trigger Event may occur (i) if the Issuer fails to satisfy the Sustainability Performance Target(s) specified in the relevant Final Terms on the relevant Target Observation Date(s), or (ii) if the Issuer fails to publish the applicable Sustainability Performance Report, the Assurance Report or, if applicable, the SPT Verification Assurance Certificate, in accordance with Condition 6.5.4 of the Terms and Conditions of the Notes.

Sustainability-Linked Notes may not satisfy an investor's requirements or any future legal or quasi-legal standards for investment in assets with sustainability characteristics. In particular, Sustainability-Linked Notes are not being marketed as "green bonds", "social bonds" or "sustainable bonds" as the relevant net proceeds of the issue of any Sustainability-Linked Notes will be used for the Issuer's general corporate purposes, unless otherwise specified in the relevant Final Terms. The Issuer does not commit to (i) allocate the relevant net proceeds specifically to projects or business activities meeting sustainability criteria or (ii) be subject to any other limitations or requirements that may be associated with green bonds, social bonds or sustainability bonds in any particular market, except as specified in the relevant Final Terms. In this context, there may be adverse environmental, social and/or other impacts resulting from the Group's efforts to achieve the Sustainability Performance Target(s) or from the use of the net proceeds from the offering of the Sustainability-Linked Notes.

In addition, the interest rate adjustment and/or premium payment in respect of the above-mentioned Sustainability-Linked Notes, when the Step Up Option and/or Premium Payment Option is specified as applicable in the relevant Final Terms, as contemplated by Condition 6.5 of the Terms and Conditions of the Notes, will depend on the Group achieving, or not achieving, the Sustainability Performance Target(s) specified in the relevant Final Terms as applicable for the relevant Series of Notes, which may be inconsistent with or insufficient to satisfy investor's requirements or expectations. The Group's Sustainability Performance Target(s) are aimed at reducing Scope 1 and Scope 3 greenhouse gas ("**GHG**") emissions, as further described in the section "Description of the Group's Sustainability Strategy" of this Base Prospectus and the Sustainability-Linked Financing Framework. The Group's Sustainability Performance Targets are therefore uniquely tailored to the Group's business, operations and capabilities, and they do not easily lend themselves to benchmarking against similar sustainability performance targets, and the related performance, of other issuers.

Risks that may result from the failure to meet the Sustainability Performance Target(s)

When the Step Up Option and/or, as the case may be, Premium Payment Option, is specified as applicable in the relevant Final Terms in connection with the Sustainability Performance Target(s) and the relevant

Sustainability Performance Target(s) is/are not met, although it will give rise to an interest rate adjustment or premium payment as described in Condition 6.5, it will not constitute or trigger any Event of Default or a breach of the Issuer's obligations under the Sustainability-Linked Notes nor will the Issuer be required to repurchase or redeem any Sustainability-Linked Notes as a result of such circumstances. Certain investors may have portfolio mandates or may wish to dispose of their Sustainability-Linked Notes and/or the Sustainability-Linked Notes may be excluded from any Environmental, Social and Governance ("ESG") related securities or other equivalently-labelled index upon the occurrence of an interest step-up or upon the failure to achieve any Sustainability Performance Target, even if the resulting interest step-up has the effect of increasing the yield on the relevant Sustainability-Linked Notes for the Noteholders, which may have material consequences for the future trading prices of the Sustainability-Linked Notes and/or the liquidity of the Sustainability-Linked Notes.

In addition, the failure of the Group to achieve the Sustainability Performance Target(s) could also harm the Group's reputation, the consequences of which could, in each case, have a material adverse effect on the Group, its business prospects, its financial condition or its results of operations and ultimately its ability to fulfil its payments obligations in respect of the Sustainability-Linked Notes.

Risks of change in standards and guidelines

Some of the Sustainability Performance Targets of the Group are calculated in accordance with standards and guidelines mentioned and defined in the section "Description of the Group's Sustainability Strategy" of this Base Prospectus and the Sustainability-Linked Financing Framework, in particular the GHG Protocol Standard and SBTi aviation methodology which are used in relation to the GHG emissions intensity KPI.

These standards and guidelines mentioned above may change over time and the Issuer will apply these as they may be amended and updated from time to time to calculate its Key Performance Indicator. As a consequence, the way in which the Group calculates its Key Performance Indicator may also change over time. Such changes (in particular in the calculation methods) could lead to an increase or decrease of the performance of the Group in relation to its Key Performance Indicator while still being able to satisfy the applicable Sustainability Performance Target(s) and avoiding the occurrence of a Sustainability Trigger Event (as defined in Condition 6.5) and the payment to the Noteholders of the applicable Step Up Margin or the applicable Premium Payment Amount (both as defined in Condition 6.5).

As a consequence, any of these changes to the standards or guidelines may not be in line with investors' expectations. Such changes may have a negative effect on the market value of the Notes.

In respect of Sustainability-Linked Notes and following a Recalculation Event, the Sustainability Performance Target(s) may be amended

If a Recalculation Event occurs, Condition 6.5.6 provides that Sustainability Performance Target(s) may be recalculated in good faith by the Issuer to reflect some changes which impact the level of any Sustainability Performance Target or the Key Performance Indicator baseline, without any requirement for consent or approval of the Noteholders in accordance with Condition 12.

The Sustainability Performance Target(s), whether amended or not, is an important factor for ascertaining whether or not a Sustainability Trigger Event shall occur or is occurring in respect of the relevant Sustainability-Linked Notes.

The occurrence of any such Recalculation Event and the consequential change of the relevant Sustainability Performance Target(s) may impact the payment to the Noteholders of the Premium Payment Amount and/or the application of the Step Up Margin and/or the amount paid. Therefore, such changes may have an adverse effect on the interests of the Noteholders and may adversely affect the market price of the Notes.

There is no legal, regulatory or market definition of or standardized criteria for what constitutes a "sustainability-linked", "Climate KPI-linked", "ESG-linked" or other equivalently labelled finance instrument, and any such designations made by third parties with respect to the Sustainability-Linked Notes have not been endorsed by the Issuer or the Group nor form part of this Base Prospectus

The Sustainability-Linked Notes may include an interest step up and/or a premium payment linked to the non-achievement of any Sustainability Performance Target by the Group as further described in Condition 6.5 of

the Terms and Conditions of the Notes. There is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes or should constitute, a “sustainability-linked”, a “Climate KPI-linked”, “ESG-linked” or an equivalently labelled financial instrument, and legislative and non-governmental developments in respect of sustainable finance are numerous and continue to evolve. As a result, Noteholders as investors and the Sustainability-Linked Notes as investments may not respect, or may cease during the life of the Sustainability-Linked Notes to respect, certain requirements, whether legislation, taxonomies, standards or other investment criteria or guidelines. In particular, the Sustainability-Linked Notes may not qualify, or may cease during the life of the Sustainability-Linked Notes to qualify, for certain dedicated sustainability-linked bond, ESG-linked securities or other equivalently-labelled indexes that may be important for the Noteholders to comply with, whether by any present or future applicable laws or regulations or by its own by-laws or investment portfolio mandates or criteria, in particular with regard to the climate KPI-linked or sustainability-linked objectives.

Should the Sustainability-Linked Notes not meet the requirements of Noteholders, this could have material consequences for the value of such Noteholder’s investment and/or require such Noteholder to dispose of the Sustainability-Linked Notes at the then prevailing market price.

Although the Group has obtained a Second Party Opinion in relation to the alignment of the Sustainability-Linked Financing Framework to the 2020 Sustainability-Linked Bond Principles (“**SLBP**”) published by the International Capital Markets Association (“**ICMA**”), the SLBP has been developed as voluntary industry guidelines and no supervisory nor regulatory authority has passed on the content or adequacy of the SLBP. Second Party Opinion providers are not currently subject to any specific regulatory or other regime or oversight. If laws and regulations evolve, the SLBP and/or the Second Party Opinion may not be fully in line for these purposes, which in turn could have material consequences for the future trading prices of the Sustainability-Linked Notes and/or the liquidity of the Sustainability-Linked Notes and require investors with portfolio mandates to invest in sustainability-linked or Climate KPI-linked or ESG-linked assets to dispose of the Sustainability-Linked Notes.

2.3 Risks related to the market of the Notes

Market value of the Notes

The relevant Final Terms of a Tranche of Notes will specify the relevant trading platforms where the Notes will be admitted. Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market or any other trading platforms as the case may be following the passporting of the Base Prospectus. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, market interest, yield rates or the time remaining to the Maturity Date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the trading platforms on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by a purchaser.

No active secondary market for the Notes

Although it may be specified that particular series of Notes are expected to be admitted to trading on Euronext Paris, any particular Tranche of Notes may not be so admitted and an active trading market may not develop. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity or the lack of liquidity may have an adverse effect on the market value of Notes.

Noteholders may not be able to sell Notes readily or at prices that would enable Noteholders to realise their anticipated yield. This could have a material adverse impact on the Noteholders and, as a result, Noteholders could lose all or part of their investments in the Notes.

Risks relating to Renminbi-denominated Notes

Notes denominated in Renminbi ("**RMB Notes**") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including the risks described hereafter.

Renminbi is not completely freely convertible; there are still significant restrictions on the remittance of Renminbi into and out of the PRC; there is only limited availability of Renminbi outside the PRC; each of which may affect the liquidity of the RMB Notes and the Issuer's ability to source Renminbi out of the PRC to service RMB Notes.

The applicable Final Terms in relation to any Series of Notes may specify that the Notes are denominated in Renminbi. Renminbi is completely not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and other currencies.

Although the People's Bank of China ("**PBoC**") has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, the PRC Government may not liberalise control over cross-border remittance of Renminbi in the future, the schemes for Renminbi cross-border utilisation may be discontinued or new regulations in the PRC may be promulgated in the future, which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the efforts in recent years to internationalise the currency, the PRC Government may impose interim or long-term restrictions on the cross-border remittance of Renminbi.

In the event that funds cannot be remitted out of the PRC in Renminbi, the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under the RMB Notes may be adversely affected. As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

Although the offshore Renminbi market is expected to grow in depth and size, this is subject to constraints imposed by PRC laws and regulations on foreign exchange. New PRC law and regulations may be promulgated or the settlement arrangements between the PBoC and certain financial institutions in respect of limited clearing of Renminbi outside of the PRC may be terminated or amended in the future, each of which may have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of its RMB Notes. To the extent the Issuer is required to source Renminbi outside the PRC to service the RMB Notes, the Issuer may not be able to source such Renminbi on satisfactory terms, if at all. Should the Issuer resort to using another currency, such as US Dollar, to respect its payment obligations under the RMB Notes, the relevant Noteholders may lose part of their investment when converting such currency back into Renminbi, depending on the prevailing exchange rate at that time.

Exchange rate risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies. The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. Such risks generally depend on a number of factors, including financial, economic and political events over which the Issuer has no control. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary or financial authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

If such rate is not available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. 2. **Form, denomination(s), title, redenomination and method of issue**

2.1 **Form:** Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").

2.1.1 Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the Code by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may be issued, at the option of the Issuer and as specified in the relevant Final Terms, in either bearer form (*au porteur*) ("**Dematerialised Bearer Notes**"), in which case they are inscribed in an account maintained by an Account Holder having itself an account in the books of Euroclear France, or in registered form (*au nominatif*) ("**Dematerialised Registered Notes**") and, in such latter case, at the option of the relevant Noteholder, in either fully registered form (*au nominatif pur*) ("**Dematerialised Fully Registered Notes**"), in which case they are inscribed in an account maintained by the Issuer or the Registration Agent, or in administered registered form (*au nominatif administré*) ("**Dematerialised Administered Registered Notes**"), in which case the Notes are inscribed both in an account maintained by the Issuer or the Registration Agent and an account maintained by an Account Holder.

2.1.2 Materialised Notes are issued in bearer form ("**Materialised Bearer Notes**"). Materialised Bearer Notes are serially numbered and are issued with coupons (the "**Coupons**") and, where appropriate, a talon (the "**Talon**") attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any issue of Materialised Notes requires the appointment by the Issuer of a Materialised Note Agent (designated in the relevant Final Terms) which will perform the functions otherwise attributed, in these Conditions, to the Fiscal Agent and/or Paying Agent.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Unless this possibility is expressly excluded in the applicable Final Terms, the Issuer may, in accordance with the provisions of Article L.228-2 of the *Code de commerce*, request at any time from the central depository identification information of Noteholders of Notes in dematerialised form (*au porteur*) such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, email address of such Noteholders.

2.2 **Denomination(s):** Notes shall be issued in the specified denomination(s) set out in the relevant Final Terms (the "**Specified Denomination(s)**"), save that Notes admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Prospectus Regulation shall have a minimum specified denomination of €100,000 (or its equivalent in any other currency), or such higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any laws or regulations applicable to the relevant Specified Currency.

Unless permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Dematerialised Notes shall be issued in one Specified Denomination only.

2.3 **Title:**

2.3.1 Title to Dematerialised Bearer Notes shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Registered Notes shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or of the Registration Agent.

- 2.3.2 Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("**Definitive Materialised Bearer Notes**"), shall pass by delivery.
- 2.3.3 Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- 2.4 **Redenomination:**
- 2.4.1 The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least thirty (30) calendar day's notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union, or events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- 2.4.2 The redenomination of the Notes pursuant to Condition 2.4.1 shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- 2.4.3 Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- 2.4.4 The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Coupon or Talon but taking into account market practice in respect of redenominated euromarket debt obligations, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre designation, interest accrual basis or Reference Rate specification) which it believes are not prejudicial to the interests of the relevant Noteholders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to them in accordance with Condition 15 as soon as practicable thereafter.
- 2.4.5 Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.
- 2.5 **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the issue date, issue price, first payment of interest and the nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

3. **Conversion and exchanges of Notes**

3.1 **Dematerialised Notes:**

- 3.1.1 Dematerialised Bearer Notes may not be converted into Dematerialised Registered Notes, whether in fully registered form or in administered registered form.
- 3.1.2 Dematerialised Registered Notes may not be converted into Dematerialised Bearer Notes.
- 3.1.3 Dematerialised Fully Registered Notes may, at the option of the Noteholder, be converted into Dematerialised Administered Registered Notes, and vice versa. The exercise of any such option by the relevant Noteholder shall be made in accordance with Article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

- 3.2 **Materialised Notes:** Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

4. **Status of the Notes**

The Notes and, where applicable, any Coupons relating to them constitute direct, general, unconditional, unsubordinated and (subject to the provisions of Condition 5) unsecured obligations of the Issuer and rank and will rank at all times *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with any other unsecured and unsubordinated obligations, present or future, of the Issuer.

5. **Negative pledge**

So long as any of the Notes, or, if applicable, any Coupons relating to them, remains outstanding (as defined below), the Issuer undertakes not to, and undertakes to ensure that none of its Principal Subsidiaries (as defined below), grant to holders of other present or future notes (*obligations*), any mortgage (*hypothèque*) over the Issuer's or its Principal Subsidiaries' present or future assets or real property interests, nor any pledge (*nantissement*) on all or part of the Issuer's or its Principal Subsidiaries' business (*fonds de commerce*), nor any other security (*sûreté réelle, gage or nantissement*) on its present or future assets or income, unless the Issuer's obligations under the Notes and Coupons are equally and rateably secured so as to rank *pari passu* with such other present or future notes (*obligations*) so secured. Such undertaking is given only in relation to security interests given for the benefit of holders of notes (*obligations*) and does not affect in any way the right of the Issuer to dispose of its assets or to grant any security in respect of such assets in any other circumstance.

For the purposes of these Conditions:

"**Principal Subsidiary**" means at any time relevant:

- (a) Société Air France ("**SAF**"); or

6. Interest and other calculations

6.1 Fixed Rate Notes (other than Fixed Rate Notes denominated in RMB):

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

6.2 Floating Rate Notes:

6.2.1 *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms. The Interest Payment Date(s) shall be defined in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date is so defined, shall consist of each date which falls the number of months or other period defined as the Interest Period in the relevant Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

6.2.2 *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which case (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

6.2.3 *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(a) FBF Determination for Floating Rate Notes:

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this subparagraph (a), "**FBF Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (i) the Floating Rate is as specified in the relevant Final Terms; and

For the purposes of this sub-paragraph (a), "**Floating Rate**" (*Taux Variable*), "**Floating Rate Determination Date**" (*Date de Détermination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions.

(b) ISDA Determination for Floating Rate Notes:

(1) Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and "2006 ISDA Definitions" is specified in the relevant Final Terms as applicable, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (b)(1), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the 2006 ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the relevant Final Terms;
- (ii) the designated Maturity is a period specified in the relevant Final Terms; and
- (iii) the relevant Reset Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (b)(1), "**Calculation Agent**", "**Floating Rate**", "**Floating Rate Option**", "**designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the 2006 ISDA Definitions.

(2) Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and "2021 ISDA Definitions" is specified in the relevant Final Terms as applicable, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (b)(2), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the 2021 ISDA Definitions and under which:

- (i) the "**Floating Rate Option**" is as specified in the relevant Final Terms;

- (vii) the relevant "**Calculation Period**" is as specified in the applicable Final Terms or, in the absence thereof, as defined in the 2021 ISDA Definitions for which purpose references to "Effective Date" and "Period End Date" (in the 2021 ISDA Definitions) shall be deemed to be to, respectively, the Issue Date and any last day of the last occurring Interest Period (as defined in these Conditions); and
- (viii) if the Floating Rate Option specified in the Final Terms is an Overnight Floating Rate Option and Compounding is specified as applicable in the applicable Final Terms:

- the relevant Reset Date is the last day of the last occurring Interest Period, unless otherwise specified in the Final Terms;
- Delayed Payment will be applicable if specified as such in the Final Terms, and if so, the applicable number of days is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, five (5);

For such purpose, references to "Relevant Rate" under the 2021 ISDA Definitions shall be deemed to be references to the ISDA Rate.

(c) Screen Rate Determination for Floating Rate Notes:

(i) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be either:

(A) the offered quotation; or

(B) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered

quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than EURIBOR, the Rate of Interest in respect of such Notes will be determined as specified in the relevant Final Terms.

- (ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(A) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(B) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).
- (d) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being SOFR, the Rate of Interest for each Interest Period will be calculated in accordance with Condition 6.2.3(d)(i) or 6.2.3(d)(ii) below, subject to the provisions of Condition 6.2.3(d)(iv) below.
 - (i) Where the Calculation Method is specified in the relevant Final Terms as being "SOFR Arithmetic Mean", the Rate of Interest will be the SOFR Arithmetic Mean plus or minus (as indicated in the relevant Final Terms) the Margin (if any), all as

determined by the Calculation Agent on the relevant Interest Determination Date and the resulting percentage being rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.

For the purpose of this Condition:

"SOFR Arithmetic Mean" means, with respect to an Interest Period, the arithmetic mean of SOFR for each calendar day during such Interest Period, as calculated by the Calculation Agent provided that, SOFR in respect of each calendar day during the period from (and including) the SOFR Cut-Off Date to (but excluding) the next occurring Interest Period Date will be SOFR on the SOFR Cut-Off Date. For these purposes, SOFR in respect of any calendar day which is not a U.S. Government Securities Business Day shall, subject to the preceding provision, be deemed to be SOFR in respect of the U.S. Government Securities Business Day immediately preceding such calendar day.

"SOFR Cut-Off Date" means, unless specified as not applicable in the relevant Final Terms, in respect of an Interest Period, the fourth U.S. Government Securities Business Day prior to the next occurring Interest Period Date in such Interest Period (or such other number of U.S. Government Securities Business Days specified in the relevant Final Terms).

- (ii) Where the Calculation Method is specified in the relevant Final Terms as being "SOFR Compound", the Rate of Interest will be the Compounded Daily SOFR on the relevant Interest Determination Date plus or minus (as indicated in the relevant Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For the purpose of this Condition:

"Compounded Daily SOFR" means, with respect to an Interest Period, an amount equal to the rate of return for each calendar day during the Interest Period, compounded daily, calculated by the Calculation Agent on the Interest Determination Date in accordance with the following formula:

- (i) if "SOFR Compound with Look-Back" is specified in the relevant Final Terms:

$$\prod_{i=1}^{d_0} \left(1 + \frac{\text{SOFR}_{i-\text{pUSBD}} \times n_i}{360} \right) - 1 \times \frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards.

Any determination, decision or election that may be made by the Calculation Agent or Replacement Rate Determination Agent (as the case may be) pursuant to these provisions, will (in the absence of manifest error) be conclusive and binding on the Issuer, the Calculation Agent and the Noteholders.

Following the designation of a SOFR Replacement, the Calculation Agent may subsequently determine that a SOFR Transition Event and a related SOFR Replacement Date have occurred in respect of such SOFR Replacement, provided that the SOFR Benchmark has already been substituted by the SOFR Replacement and any SOFR Replacement Conforming Changes in connection with such substitution have been applied. In such circumstances, the SOFR Replacement shall be deemed to be the SOFR Benchmark and all relevant definitions shall be construed accordingly.

In connection with the SOFR Replacement provisions above, the following definitions shall apply:

"ISDA Fallback Adjustment" means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the 2006 ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to SOFR for the applicable tenor;

"SOFR Benchmark" means initially (a) (unless SOFR Compound: SOFR Index with Observation Shift is specified in the relevant Final Terms) SOFR or (b) SOFR Index (each as defined in Condition 6.2.3(d)(iii) above), provided that if a SOFR Transition Event and its related SOFR Replacement Date have occurred with respect to the SOFR or SOFR Index or the then-current SOFR Benchmark, then "SOFR Benchmark" means the applicable SOFR Replacement;

"SOFR Replacement" means any one (or more) of the SOFR Replacement Alternatives to be determined by the Replacement Rate Determination Agent as of the SOFR Replacement Date if the Calculation Agent, failing which the Issuer, determines that a SOFR Transition Event and its related SOFR Replacement Date have occurred on or prior to the SOFR Determination Time in respect of any determination of the SOFR Benchmark on any U.S. Government Securities Business Day in accordance with:

- (a) the order of priority specified in the relevant Final Terms ("**SOFR Replacement Alternatives Priority**"); or
- (b) if no such order of priority is specified, in accordance with the priority set forth below:
 - (i) Relevant Governmental Body Replacement;
 - (ii) ISDA Fallback Replacement; and
 - (iii) Industry Replacement,

provided, in each case, that, if the Replacement Rate Determination Agent is unable to determine the SOFR Replacement in accordance with the first SOFR Replacement Alternative listed, it shall attempt to determine the SOFR Replacement in accordance with the each subsequent SOFR Replacement Alternative until a SOFR Replacement is determined. The SOFR Replacement will replace the then-current SOFR Benchmark for the purpose of determining the relevant Rate of Interest in respect of the relevant Interest Period and each subsequent Interest Period, subject to the occurrence of a subsequent SOFR Transition Event and related SOFR Replacement Date;

"SOFR Replacement Alternatives" means:

- (a) the sum of: (i) the alternative rate that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current SOFR Benchmark for the relevant Interest Period and (ii) the SOFR Replacement Adjustment (the "**Relevant Governmental Body Replacement**");

- (b) the sum of: (i) the ISDA Fallback Rate and (ii) the SOFR Replacement Adjustment (the "**ISDA Fallback Replacement**"); or
- (c) the sum of: (i) the alternative rate that has been selected by the Replacement Rate Determination Agent as the replacement for the then-current SOFR Benchmark for the relevant Interest Period giving due consideration to any industry-accepted rate as a replacement for the then-current SOFR Benchmark for U.S. dollar-denominated floating rate securities at such time and (ii) the SOFR Replacement Adjustment (the "**Industry Replacement**");

"**SOFR Replacement Adjustment**" means the first alternative set forth in the order below that can be determined by the Replacement Rate Determination Agent as of the applicable SOFR Replacement Date:

- (b) if the applicable Unadjusted SOFR Replacement is equivalent to the ISDA Fallback Rate, the ISDA Spread Adjustment; or
- (c) the spread adjustment (which may be a positive or negative value or zero) determined by the Replacement Rate Determination Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current SOFR Benchmark with the applicable Unadjusted SOFR Replacement for U.S. dollar-denominated floating rate securities at such time;

"**SOFR Replacement Conforming Changes**" means, with respect to any SOFR Replacement, any technical, administrative or operational changes (including, but not limited to, changes to timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions, business day convention and other administrative matters) that the Replacement Rate Determination Agent decides may be appropriate to reflect the adoption of such SOFR Replacement in a manner substantially consistent with market practice (or, if the Replacement Rate Determination Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Determination Agent determines that no market practice for use of the SOFR Replacement exists, in such other manner as the Replacement Rate Determination Agent or the Calculation Agent, as the case may be, determines is reasonably necessary, acting in good faith and in a commercially reasonable manner);

"**SOFR Replacement Date**" means the earliest to occur of the following events with respect to the then-current SOFR Benchmark (including the daily published component used in the calculation thereof):

- (a) in the case of sub-paragraphs (a) or (b) of the definition of "SOFR Transition Event" the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the SOFR Benchmark permanently or indefinitely ceases to provide the SOFR Benchmark (or such component); or
- (b) in the case of sub-paragraph (c) of the definition of "SOFR Transition Event" the date of the public statement or publication of information referenced therein; or
- (c) in the case of sub-paragraph (d), the last such consecutive U.S. Government

Securities Business Day on which the SOFR Benchmark has not been published,

provided that, in the event of any public statements or publications of information as referenced in sub-paragraphs (a) or (b) above, should such event or circumstance referred to in such a public statement or publication occur on a date falling later than three months after the relevant public statement or publication, the SOFR Transition Event shall be deemed to occur on the date falling three months prior to such specified date (and not the date of the relevant public statement or publication).

For the avoidance of doubt, if the event giving rise to the SOFR Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the SOFR Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

"SOFR Transition Event" means the occurrence of any one or more of the following events with respect to the then-current SOFR Benchmark (including the daily published component used in the calculation thereof):

- (a) a public statement or publication of information by or on behalf of the administrator of the SOFR Benchmark (or such component, if relevant) announcing that such administrator has ceased or will cease to provide the SOFR Benchmark (or such component, if relevant), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark (or such component, if relevant);
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the Reference Rate (or such component, if relevant), the central bank for the currency of the SOFR Benchmark (or such component, if relevant), an insolvency official with jurisdiction over the administrator for the SOFR Benchmark (or such component, if relevant), a resolution authority with jurisdiction over the administrator for SOFR (or such component, if relevant) or a court or an entity with similar insolvency or resolution authority over the administrator for the SOFR Benchmark (or such component, if relevant), which states that the administrator of the SOFR Benchmark (or such component, if relevant) has ceased or will cease to provide the SOFR Benchmark (or such component, if relevant) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark (or such component, if relevant);
- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the SOFR Benchmark (or such component, if relevant) announcing that the SOFR Benchmark (or such component, if relevant) is no longer representative, the SOFR Benchmark (or such component, if relevant) has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or

"Unadjusted SOFR Replacement" means the SOFR Replacement prior to the application of any SOFR Replacement Adjustment.

Any replacement of SOFR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in

accordance with Condition 15.

(e) Benchmark Discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over other fallbacks specified in Condition 6.2 and shall not apply to Floating Rate Notes which reference SOFR.

(i) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 6.2.3(e)(ii)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 6.2.3(e)(iii)) and any Benchmark Amendments, if any (in accordance with Condition 6.2.3(e)(iv)).

An Independent Adviser appointed pursuant to this Condition 6.2.3(e) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 6.2.3(e).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 6.2.3(e)(iv)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 6.2.3(e)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 6.2.3(e)(iv)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 6.2.3(e)).

(iii) Adjustment Spread

If the Independent Adviser, determines in good faith (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate(s) of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 6.2.3(e) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes

(including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 6.2.3(e)(v), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 6.2.3(e), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 15, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 6.2.3(e). Such notice shall be irrevocable and binding and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

(vi) Survival of Original Reference Rate

Without prejudice to the Issuer's obligations under the provisions of this Condition 6.2.3(e), the Original Reference Rate and the fallback provisions provided for in Condition 6.2.3(c) will continue to apply unless and until the party responsible for determining the Rate of Interest has been notified of the Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

(vii) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provisions relating to the Original Reference Rate specified in condition 6.2.3(c) will continue to apply to such determination, provided that such fallbacks may in certain circumstances lead to apply the Rate of Interest determined as at the last preceding Interest Determination Date.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 6.2.3(e), mutatis mutandis, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 6.2.3(e).

- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six (6) months prior to the specified date referred to in (d)(i);
- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;

- f) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- g) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation, if applicable); or

6.2.4 *Rate of Interest for Inflation Linked Notes:*

- (a) Consumer Price Index (CPI).

Where the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes*

Economiques (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(a) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(a) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio. For the purposes of this Condition 6.2.4(a), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6.7.3, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**ND_M**:" number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**CPI Monthly Reference Index M-2**": price index of month M – 2;

"**CPI Monthly Reference Index M-3**": price index of month M – 3.

Notwithstanding Condition 6.7.3., the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

"**CPI Monthly Reference Index**" refers to the definitive consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the event of any conflict between the calculation method provided below and the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio.

- (iii)
- (A) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.
- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

- (B) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

- (b) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(b) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(b) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio

For the purposes of this Condition 6.2.4(b), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6.7.3., the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**HICP Monthly Reference Index M-2**": price index of month M - 2;

"**HICP Monthly Reference Index M-3**": price index of month M - 3.

Notwithstanding Condition 6.7.3., the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France du Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

"**HICP Monthly Reference Index**" refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified

in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(iii)

(A) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "**Substitute HICP Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}}$$

(B) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{HICP Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

6.3 **Fixed/Floating Rate Notes:** If Fixed/Floating Rate Notes Provisions are specified to be applicable in the relevant Final Terms the Notes may bear interest at a rate, on the date set out in the Final Terms (the "**Switch Date**"), that:

6.3.1 the Issuer may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The Issuer election to change of interest basis (the "**Issuer Change of Interest Basis**") should be deemed effective after a valid notification sent by the Issuer to the relevant Noteholders within the period specified in the relevant Final Terms; or

6.3.2 will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate (the "**Automatic Change of Interest Basis**").

6.4 **Zero Coupon Notes:** Zero Coupon Notes bear no interest until the Maturity Date. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7.5.1(b)).

6.5 Sustainability-Linked Notes

This Condition 6.5 applies to Fixed Rate Notes, Floating Rate Notes and Fixed/Floating Rate Notes issued by the Issuer in respect of which the relevant Final Terms indicate that the Step Up Option and/or the Premium Payment Option, as the case may be, is or are applicable (the "**Sustainability-Linked Notes**").

6.5.1 Step Up Option

Where the Step Up Option is specified as being applicable in the relevant Final Terms and a Step Up Trigger Event occurs, the Rate of Interest (or the applicable Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) for each Interest Period from and including any Interest Step Up Payment Date until the Maturity Date, shall be the sum of the Initial Rate of Interest (or the initial Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) and:

- (A) in the event the Issuer has not met the Sustainability Performance Target specified in the relevant Final Terms, with respect to the relevant Target Observation Date, the Step Up Margin; and
- (B) in the event the Step Up Trigger Event relates to a failure by the Issuer to publish the applicable Sustainability Performance Report, the Assurance Report or, if applicable, the SPT Verification Assurance Certificate in accordance with Condition 6.5.4, the Step Up Margin,

provided that the Rate of Interest (or the Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) shall not be increased more than once during the term of the Sustainability-Linked Notes. Consequently, if the Rate of Interest (or the Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) is adjusted following the occurrence of a Step Up Trigger Event in accordance with this Condition 6.5.1, and a Step Up Trigger Event occurs on any subsequent Target Observation Date, the Rate of Interest (or the Margin, in the case of Floating Rate Notes or Fixed/Floating Rate Notes) shall not be further increased.

6.5.2 Premium Payment Option

Where a Premium Payment Option is specified as being applicable in the relevant Final Terms and a Premium Trigger Event occurs, the Notes shall be redeemed on their Maturity Date or, as the case may be, early redeemed in accordance with Conditions 7.2.1, 7.2.2, 7.2.3, 7.2.4, 7.3.1, 7.3.2, 7.6, 7.9 as applicable, or 10 on the date set for redemption (in each case, the "**Premium Payment Date**"), at their Adjusted Final Redemption Amount.

The "**Adjusted Final Redemption Amount**" will be equal to the sum of the Final Redemption Amount (or, as the case may be, the early redemption amount set out in Conditions 7.2.1, 7.2.2, 7.2.3, 7.2.4, 7.3.1, 7.3.2, 7.6, 7.9 or 10) and:

- (A) in the event the Issuer has not met the Sustainability Performance Target specified in the relevant Final Terms, with respect to the relevant Target Observation Date, the Premium Payment Amount; and
- (B) in the event the Premium Trigger Event relates to a failure by the Issuer to publish the applicable Sustainability Performance Report, the Assurance Report or, if applicable, the SPT Verification Assurance Certificate in accordance with Condition 6.5.4, the Premium Payment Amount,

provided that the Adjusted Final Redemption Amount may comprise only one Premium Payment Amount during the term of the Sustainability-Linked Notes.

Consequently, if a Premium Payment Amount is due following the occurrence of a Premium Trigger Event in accordance with this Condition 6.5.2, and a Premium Trigger Event occurs on any subsequent Target Observation Date, the Adjusted Final Redemption Amount shall not comprise any further Premium Payment Amount.

6.5.3 Notification of Step Up Trigger Event and/or Premium Trigger Event

If a Step Up Trigger Event and/or a Premium Trigger Event occur, the Issuer shall give notice of such Step Up Trigger Event and/or Premium Trigger Event and the applicable Step Up Margin and/or Premium Payment

Amount to the Fiscal Agent, and, in accordance with Condition 15, to the Noteholders as soon as reasonably practicable after the occurrence of such Step Up Trigger Event and/or Premium Trigger Event and in no event later than the date falling fifteen (15) Business Days prior to the Interest Payment Date following the Target Observation Date and/or the Premium Payment Date, unless the Step Up Trigger Event and/or the Premium Trigger Event occur within fifteen (15) Business Days prior to the Interest Payment Date and/or the Premium Payment Date in which case the notification will be made as soon as reasonably practicable after the occurrence of such Step Up Trigger Event and/or Premium Trigger Event.

6.5.4 Sustainability Reporting

For each financial year ending on 31 December following the Issue Date of any Sustainability-Linked Notes and so long as any of the Sustainability-Linked Notes remain outstanding, the Issuer shall include in a dedicated section of its Universal Registration Document, or any equivalent annual reporting, or publish on its website as a separate report or document, within 120 days following the end of each financial year or at any earlier date specified as such in the Final Terms (the "**Sustainability Reporting Date**"):

- (i) up-to-date information on the level of the KPI as at 31 December in each year (the "**Sustainability Performance Report**");

- (iii) following a Target Observation Date, a certificate issued by the External Verifier confirming whether or not the Group has achieved the relevant Sustainability Performance Target as at such Target Observation Date (the "**SPT Verification Assurance Certificate**").

6.5.5 Absence of Event of Default

The occurrence of any Sustainability Trigger Event shall not constitute an Event of Default or a breach of the Issuer's obligations under the Notes.

6.5.6 Recalculation

In the event of any change, which occurs between the Issue Date of a Series of Sustainability-Linked Notes and the relevant Target Observation Date(s), (i) in the Group's perimeter (due to an acquisition, a merger or a demerger or other restructuring (*scission* or *apport partiel d'actifs*), an amalgamation, a consolidation or other form of reorganisation with similar effect, a spin-off, a disposal or a sale of assets); (ii) in or any amendment to any applicable laws, regulations, rules, guidelines and policies relating to the business of the Group or business sectors of any entity of the Group; or (iii) to the methodology for calculation of the Key Performance Indicator to reflect changes in the relevant market practice (including, with respect to the aviation sector, if the access to or use of Sustainable Aviation Fuels (SAF) becomes significantly restricted or prohibited or is not practically possible) or market standards, which, individually or in aggregate, has a significant impact on the level of any Sustainability Performance Target(s) and/or the Key Performance Indicator baseline (each, a "**Recalculation Event**"), the Key Performance Indicator baseline and/or Sustainability Performance Target(s) may be recalculated in good faith by the Issuer to reflect such change, provided that the External Verifier has independently confirmed that the proposed revision is consistent with the initial level of ambition of the relevant Sustainability Performance Target(s) taking into account the Recalculation Event, as described in the section "*Description of the Group's Sustainability Strategy*" and in the Issuer's Sustainability-Linked Financing Framework.

By subscribing or acquiring the Sustainability-Linked Notes, each Noteholder accepts and agrees not to be consulted in respect of such changes. Any such change and the resulting recalculation to any Sustainability Performance Target will be communicated as soon as reasonably practicable by the Issuer to the Fiscal Agent and the Calculation Agent and notified to the relevant Noteholders (with a copy to the Representative) in accordance with Condition 15.

Any other changes to the Sustainability Performance Target(s), or to any Step Up Margin or any Premium Payment Amount will be made with the prior approval of the Noteholders in accordance with Condition 12 (*Representation of Noteholders*).

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of calendar days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), subject to Condition 6.5.

7.2.2 *Make-whole redemption:*

Unless otherwise specified in the relevant Final Terms, the Issuer may, at its option, subject to compliance by the Issuer with all relevant laws, regulations and directives and subject to having given not more than thirty (30) nor less than fifteen (15) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the outstanding Notes, in whole or in part, at any time prior to their Relevant Redemption Date (the "**Optional Make-Whole Redemption Date**") at their Make-Whole Redemption Amount together with any accrued and unpaid interest on the Notes up to, but excluding, the Optional Make-Whole Redemption Date.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make-Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Make-Whole Calculation Agent shall act as an independent expert and not as agent of the Issuer or the Noteholders.

- (b) the sum of the then present values on the relevant Optional Make-Whole Redemption Date of (i) the outstanding principal amount of each Note and (ii) the remaining scheduled payments of interest (including, with respect to Sustainability-Linked Notes for which the Final Terms indicate that the Step Up Option is applicable, the applicable Step Up Margin from the relevant Interest Step Up Payment Date, on the assumption that the relevant Sustainability Trigger Event will occur, unless the relevant Sustainability Performance Target has been achieved for the applicable Target Observation Date prior to the notice of Make-Whole Redemption for which an Assurance Report is available (as set out in such Assurance Report and as confirmed by an SPT Verification Assurance Certificate), in which case if the Sustainability Performance Target specified in the relevant Final Terms has been satisfied, no Step Up Margin shall be taken into account) on such Note for the remaining term of such Note until the Relevant Redemption Date (determined on the basis of the interest rate applicable to such Note from the relevant Optional Make-Whole Redemption Date (excluding any interest accruing on such Notes to, but excluding, the relevant Optional Make-Whole Redemption Date)), discounted to the Optional Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate plus a Make-Whole Redemption Margin (as specified in the relevant Final Terms).

In respect of Sustainability-Linked Notes for which Premium Payment Option is specified as applicable in the relevant Final Terms and a Premium Trigger Event has occurred prior to the Optional Make-Whole Redemption Date, the Make-Whole Redemption Amount shall be increased by the applicable Premium Payment Amount or, in the case of a partial redemption of the Sustainability-Linked Notes, by the corresponding part of the applicable Premium Payment Amount.

"Make-Whole Redemption Rate" means

- (a) if "Reference Dealer Quotation" is specified as the method of determination of the Make-Whole Redemption Rate in the relevant Final Terms, the rate equal to the average of the four (4) quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Benchmark Security (as specified in the relevant Final Terms) on the third (3rd) Business Day in Paris preceding the relevant Optional Make-Whole Redemption Date at 11.00 a.m. (Central European time ("CET")) ("**Reference Dealer Quotation**"); or
- (b) if "Reference Screen Rate" is specified as the method of determination of the Make-Whole Redemption Rate in the relevant Final Terms, the annual yield to maturity of the Reference Benchmark Security (rounded to the nearest 0.001%, with 0.0005% rounded upwards) displayed on the Reference Screen Rate as determined by the Make-Whole Calculation Agent or, if the Reference Screen Rate is not available, the relevant Reference Dealer Quotation.

"Principal Amount" means the Specified Denomination, subject to any adjustment as described in Condition 7.2.5 following any partial redemption pursuant to Condition 7.2.1, this Condition 7.2.2 and Condition 7.2.4.

"Relevant Redemption Date" means either (i) the Maturity Date or (ii) the Residual Maturity Call Option Date, if a Residual Maturity Call Option is specified as applicable in the relevant Final Terms.

"Reference Benchmark Security" means the reference security specified in the relevant Final Terms. If the Reference Benchmark Security is no longer outstanding, a Similar Security will be chosen by the Make-Whole Calculation Agent after prior consultation with the Issuer if practicable under the circumstances, at 11.00 a.m. (CET) on the third (3rd) Business Day in Paris preceding the Optional Make-Whole Redemption Date, quoted in writing by the Make-Whole Calculation Agent to the Issuer.

"Reference Dealers" means each of the four (4) banks selected by the Make-Whole Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

"Reference Screen Rate" means the screen rate specified as such in the relevant Final Terms.

"Similar Security" means a reference bond or reference bonds having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Make-Whole Redemption Rate, the Make-Whole Redemption Margin and the Optional Make-Whole Redemption Date will be notified by the Issuer in accordance with Condition 15.

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the French *Autorité des marchés financiers*, a notice specifying the aggregate nominal amount of Notes outstanding.

7.2.3 *Clean-up Call Option by the Issuer:*

Subject to Condition 6.5, if a Clean-up Call Option by the Issuer is specified in the relevant Final Terms as applicable, in the event that at least 75% of the initial aggregate principal amount of a particular Series of Notes (including any further notes to be consolidated and form a single series with the Notes pursuant to Condition 14 (Further Issues and Assimilation)) have been purchased or redeemed by the Issuer, the Issuer may, at its option but subject to having given not more than forty-five (45) nor less than fifteen (15) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the remaining Notes in that Series at par together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), provided that if Make-Whole Redemption is specified as applicable in the relevant Final Terms and the Issuer has partially exercised the make-whole redemption option referred to in Condition 7.2.2, the Clean-up Call Option shall not be exercised within a period of twelve (12) months as from any Make-Whole Redemption Date.

7.2.4 *Residual Maturity Call Option by the Issuer*

Subject to Condition 6.5, if a Residual Maturity Call Option by the Issuer is specified in the relevant Final Terms, the Issuer may, at its option but subject to having given not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem in whole or in part the remaining Notes in that Series at par together with interest accrued to, but excluding, the date fixed for redemption, at any time during the period starting on (and including) the **"Residual Maturity Call Option Date"** (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

7.2.5 *Exercise of Issuer's options and partial redemption:*

Any redemption or exercise pursuant to Conditions 7.2.1, 7.2.2 and 7.2.4 above shall relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading, as the case may be.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption will be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed).

So long as the Notes are listed and/or admitted to trading on a Regulated Market, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, give notice to the Noteholders in accordance with Condition 15 of the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, of a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

7.3 **Redemption at the option of Noteholders and exercise of Noteholders' options:**

7.3.1 *Redemption at the option of Noteholders following a Change of Control:*

In the event of a Change of Control, or in the event that a person, other than an entity controlled directly or indirectly by the Issuer (within the meaning of Article L. 233-3 of the French *Code de commerce*), came to hold (via purchase, subscription or any other means) (i) more than 50% of the share capital of Société Air France and/or the economic rights of KLM or (ii) more than 50% of the voting rights of Société Air France and/or KLM (a "**Share Transfer**"), each Noteholder may at its sole option require from the Issuer the early redemption of all or part of its Notes, subject to the conditions set out below.

The Notes will be redeemed at their principal amount plus interest accrued since the last Interest Payment Date (or, as the case may be, since the Issue Date), subject to Condition 6.5.

In the event of a Change of Control or Share Transfer, the Issuer will inform the Noteholders, no later than thirty (30) calendar days following the effective Change of Control or Share Transfer, by means of a notice in accordance with Condition 15. This notice will remind Noteholders that they are entitled to require the early redemption of all or part of their Notes and will indicate (i) the date which has been set for the early redemption, such date should fall between the twenty-fifth (25th) and the thirtieth (30th) Business Day following the date of the publication of the notice, (ii) the redemption amount and (iii) the period of at least fifteen (15) Business Days, during which early redemption requests and the corresponding Notes should be transmitted to the Put Agent.

The Noteholders seeking early redemption of their Notes must make such request to the financial intermediary through whose books the Notes are held. Once received by the financial intermediary through whose books the Notes are held, the request for early redemption will be irrevocable.

Redemption requests and the corresponding Notes shall be submitted to the Put Agent between the twentieth (20th) and the fifth (5th) Business Day before the early redemption date.

A form of redemption request will be obtainable from the specified office of any Paying Agent.

The date of the early redemption request shall correspond to the Business Day during the course of which the last of conditions (a) and (b) below is met, at the latest at 5 p.m. Paris time or the next following Business Day if such condition is met after 5 p.m. Paris time:

- (c) the Put Agent would have received the early redemption request from the financial intermediary through whose books the Notes are held;
- (d) the Notes would have been transferred to the Put Agent by the relevant financial intermediary.

For the purposes of this Condition 7.3.1, "**Change of Control**" means, for one or more individuals or entities acting alone or in concert, acquiring the control of the Issuer, being specified that "**control**" means, for the purpose of the present definition, the holding (directly or indirectly via entities controlled by the relevant person(s)) of (x) the majority of the voting rights of the shares of the Issuer or (y) more than 40% of such voting rights if no other shareholder of the Issuer, acting alone or in concert, holds (directly or indirectly via entities controlled by such shareholder(s)) a percentage of voting rights in excess of the above stake.

7.3.2 *Other Put Option:*

If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem the relevant Note(s) on the Optional Redemption Date(s) at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), subject to Condition 6.5.

To exercise such option (which must be exercised on an Option Exercise Date) the Noteholder shall deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

All Notes in respect of which any such notice is given shall be redeemed, or the Noteholder's option shall be exercised, on the date specified in such notice in accordance with this Condition.

- 7.4 **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

Final Redemption Amount = IIR x nominal amount of the Notes

"**IIR**" being for the purposes of this Condition 7.4 the ratio determined on the fifth Business Day before the Maturity Date between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index, on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

7.5 **Early redemption:**

7.5.1 *Zero Coupon Notes:*

- (a) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9 or upon it becoming

due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.

- (b) Subject to the provisions of sub-paragraph (c) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at the Amortisation Yield (which, if none is specified in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (c) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (b) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6.3.

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.

7.5.2 *Inflation Linked Notes:*

- (a) If the relevant Final Terms provide that this Condition 7.5.2 shall apply in respect of Inflation Linked Notes, the Early Redemption Amount in respect of such Notes will be determined by the Calculation Agent on the following basis:

Early Redemption Amount = IIR x nominal amount of the Notes

"IIR" being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (b) If the Inflation Linked Notes (whether or not this Condition 7.5.2 applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 6.2.4 above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

7.5.3 *Other Notes:*

The Early Redemption Amount payable in respect of any Note (other than Notes described in 7.5.1 and 7.5.2 above), upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9, or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.6 **Redemption for taxation reasons:**

- 7.6.1 Subject to Condition 6.5, if, by reason of a change in any law or regulation of the Republic of France or any political subdivision or authority therein or thereof having power to tax, or any change in the official application or interpretation of such law or regulation (including a holding by a competent court), becoming effective on or after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 9 below, the Issuer may, at its sole option, at any time, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal or interest without withholding or deduction for French taxes.
- 7.6.2 Subject to Condition 6.5, if the Issuer would, on the next payment of principal or interest in respect of the Notes or Coupons, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, subject to having given not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 15 (which notice shall be irrevocable), redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) of which notice hereunder may be given, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of principal or interest payable in respect of the Notes or Coupons or, if such date has passed, as soon as practicable thereafter.
- 7.7 **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise, without any limitation (including by way of tender and/or exchange offer), at any price and on any condition, in accordance with applicable laws and regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 7.8.
- 7.8 **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be cancelled (i) in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France, or (ii) in the case of Materialised Bearer Notes, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- 7.9 **Illegality:** If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

8. **Payments and Talons**

- 8.1 **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Bearer Notes or Dematerialised Administered Registered Notes, by transfer to the account

denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders or (ii) in the case of Dematerialised Fully Registered Notes, to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

- 8.2 **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8.6.5) or Coupons (in the case of interest, save as specified in Condition 8.6.5), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with a bank in the Principal Financial Centre for such currency or, in the case of Euro, in a city where banks have access to the TARGET 2 System.
- 8.3 **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- 8.4 **Payments subject to fiscal laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment or other laws and regulations to which the Issuer or its Agents are subject but without prejudice to the provisions of Condition 9. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- 8.5 **Appointment of agents:** The Fiscal Agent, the Paying Agents, the Put Agent, the Calculation Agent, the Redenomination Agent, the Make-Whole Calculation Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent, the Put Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) and the Make-Whole Calculation Agent act(s) as independent expert(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Put Agent, the Redenomination Agent, the Registration Agent, the Make-Whole Calculation Agent, the Consolidation Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Fully Registered Notes, a Registration Agent, (v) Paying Agents having specified offices in at least one major European city (which shall be Paris so long as the Notes are admitted to trading on Euronext Paris), (vi) a Put Agent, (vii) the Make-Whole Calculation Agent where the Conditions so require and (viii) such other agents as may be required by any other Regulated Market on which the Notes are listed and/or admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph 8.3 above.

On a redenomination of the Notes of any Series pursuant to Condition 2.4 with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

8.6 **Unmatured Coupons and unexchanged Talons:**

- 8.6.1 Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 11).
- 8.6.2 If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Notes, unmaturing Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.
- 8.6.3 Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- 8.6.4 Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- 8.6.5 If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be (including, for the avoidance of doubt, any arrears of interest if applicable), shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Note.
- 8.7 **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 11), provided that, in respect of Notes admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as the case may be, in Paris.
- 8.8 **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a Payment Business Day, the Noteholder shall not be entitled to payment until the next following Payment Business Day nor to any interest or other sum in respect of such postponed payment.
- 8.9 **Payment of US Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of

the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8.9 by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

9. Taxation

9.1 **Withholding tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

9.2 **Additional amounts:** If any French law or regulation require that any payment of principal, interest or other revenues in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Republic of France or any political subdivision or authority therein or thereof having power to tax, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the Noteholders or, if applicable the Couponholders, as the case may be, after such deduction or withholding, receive the full amount provided in such Notes or Coupons to be then due and payable, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:

9.2.1 *Other connection:* to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with France other than the mere holding of the Note or Coupon; or

9.2.2 *Presentation more than thirty (30) calendar days after the Relevant Date:* in the case of Materialised Notes, more than thirty (30) calendar days after the Relevant Date.

10. Events of Default

The Representative (as defined under Condition 12), upon request of any Noteholder, may, after written notice by registered letter with acknowledgment of receipt to the Issuer (copy to the Fiscal Agent) has been given and unless all defaults shall have been remedied, cause all the Notes held by such Noteholder to become immediately due and payable, whereupon such Notes shall become immediately due and payable at their Early Redemption Amount, together with any accrued interest thereon until their actual redemption date, subject to Condition 6.5, without any other formality, if any of the following events (each an "**Event of Default**") occurs:

10.1 the Issuer fails to make payment of any sum due in respect of the Notes and if the Issuer does not remedy such default within fifteen (15) calendar days from such due date; or

10.2 the Issuer breaches any of the other provisions relating to the Notes, as the case may be, and does not remedy such breach within thirty (30) calendar days from the date the Issuer receives written notice of such breach from the Representative; or

10.3 a payment default by the Issuer and/or any of its Principal Subsidiaries occurs in relation to any payment of any other borrowed money or loans guaranteed by the Issuer and/or any of its Principal Subsidiaries for an amount equal to or in excess of €150 million, or its equivalent in any other currency, on their due date, or on such date as may have been extended by any applicable grace period, unless the Issuer and/or its relevant Principal Subsidiary challenges such default in good faith before a competent court, in which case an early redemption of the Notes will be mandatory only if the court has decided on the merits of the case (*statué au fond*); or

10.4 judgment is rendered ordering the liquidation or transfer of the entirety of the assets of the Issuer or any of its Principal Subsidiaries, or any equivalent procedure; if the Issuer or any of its Principal Subsidiaries is subject to a conciliation procedure (*procédure de conciliation*) as provided under

Articles L. 611-4 *et seq.* of the French *Code de commerce*, or any equivalent procedure, are in a state of suspension of payments (*cessation de paiements*) or any similar state, or subject to judicial liquidation proceedings (*procédure de liquidation judiciaire*) or any equivalent procedure.

11. Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

12. Representation of Noteholders

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *Masse* (the "**Masse**") which will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of Articles L. 228-48, L. 228-59, L. 228-65 I 1° and 4°, L. 228-65 II, L. 228-71, R. 228-67, R.228-69, R.228-72 and R. 228-76 al. 1 thereof, and by the conditions set out below.

12.1 Legal Personality

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the terms and conditions of the Notes.

The *Masse* will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

12.2 Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

- the Issuer, the members of its Board of Directors (*Conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d'administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a company in whatever capacity.

The names and addresses of the initial Representative and its alternate, if any, will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the single Representative of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties, as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, dissolution, retirement, resignation or revocation of the Representative, such Representative will be replaced by its alternate, if any, or another Representative may be appointed. Collective Decisions in relation to the appointment or replacement of the Representative shall be published in accordance with Condition 12.7.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative, if any, at the registered office of the Issuer.

12.3 Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

12.4 Collective Decisions

Collective Decisions are adopted either (i) in a general meeting (the "**General Meeting**") or (ii) by consent following a written resolution (the "**Written Resolutions**") (as further described in Condition 12.4.2 below).

In accordance with Article R. 228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 12.7.

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

12.4.1 General Meetings

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 12.7 not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a simple majority of votes cast by the Noteholders attending such General Meeting or represented thereat.

In accordance with Article L. 228-61 of the French *Code de commerce*, each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence, by videoconference, or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Noteholder or Representative thereof will have the right, to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation or during the fifteen (15) calendar day period preceding the seeking of approval of a resolution by way of a Written Resolution.

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits of the Noteholders which now or in the future may accrue, including authorizing the Representative to act at law as plaintiff or defendant in the name and on behalf of the Noteholders.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert the Notes into shares.

12.4.2 **Written Resolutions and Electronic Consent**

Pursuant to Article L.228-46-1 of the French *Code de commerce* the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders by way of a Written Resolution.

Notices seeking the approval of a Written Resolution, which shall include the text of the proposed resolutions together with any report thereon, will be published as provided under Condition 12.4.1 no less than fifteen (15) calendar days prior to the date fixed for the passing of such Written Resolution (the "**Written Resolution Date**"). Notices seeking the approval of a Written Resolution will contain the conditions of form and time limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

Written Resolutions shall be signed or approved by one or more Noteholders holding together not less than seventy five (75) per cent. of the nominal amount of the Notes outstanding. Approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders. Any Written Resolution shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Resolution may be contained in one document, or in several documents in like form each signed by or on behalf of one or more of such Noteholders, and shall be published in accordance with Condition 12.7.

12.4.3 **Effect of resolutions**

A resolution passed at a General Meeting, and a Written Resolution, shall be binding on all Noteholders, whether or not present at the General Meeting and whether or not, in the case of a Written Resolution, they have participated in such Written Resolution and each of them shall be bound to give effect to the resolution accordingly.

12.5 **Single Masse**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defense of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche or Series of Notes will be the single Representative of all such Series.

12.6 **Sole Noteholder**

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*. The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

12.7 **Notices to Noteholders**

Any notice to be given to Noteholders in accordance with this Condition 12 shall be given in accordance with

Condition 15.5.

12.8 **Outstanding Notes**

For the avoidance of doubt, in this Condition 12, the term "**outstanding**" shall not include those Notes purchased by the Issuer, or on its behalf, or by any of its subsidiaries pursuant to applicable laws and regulations that are held by it and not cancelled.

12.9 **Exclusion of certain provisions of the French *Code de commerce***

The provisions of Article L.228-65 I. 1° and 4° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of the Noteholders of any change in corporate purpose or form of the Issuer or of an issue of bonds benefiting from a security (*sûreté réelle*)) and the related provisions of the French *Code de commerce* shall not apply to the Notes.

12.10 **Expenses**

The Issuer shall pay all expenses relating to the operations of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

13. **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and regulations of the Regulated Market on which the Notes are listed and/or admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for such purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. **Further issues and consolidation**

14.1 **Further issues:** The Issuer may, without the consent of the Noteholders or Couponholders create and issue further Notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the issue date specified in the relevant Final Terms) and that the terms of such further Notes provide for such assimilation, and references in these Conditions to "**Notes**" shall be construed accordingly.

14.2 **Consolidation:** The Issuer, with the prior approval of the Consolidation Agent, may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. **Notices**

15.1 Notices to the holders of Dematerialised Registered Notes shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) in a leading daily newspaper with general circulation in Europe (which is expected to be the

TEMPORARY GLOBAL CERTIFICATES IN RESPECT OF MATERIALISED BEARER NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depository for Euroclear and Clearstream (the "**Common Depository**"), Euroclear or Clearstream will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depository may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "General Description of the Programme — Selling Restrictions"), in whole, but not in part, for Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part, for Definitive Materialised Bearer Notes upon certification as to non-US beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents).

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Bearer Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (or its designated agent). In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes.

In this Base Prospectus, "**Definitive Materialised Bearer Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal requirements and requirements of the Regulated Market. Forms of such Definitive Materialised Bearer Notes shall be available at the specified offices of the designated Paying Agent(s).

Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Certificate, the calendar day next succeeding the calendar day that is forty (40) calendar days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such calendar day pursuant to Condition 13, the Exchange Date for such Temporary Global Certificate shall be postponed to the calendar day falling after the expiry of forty (40) calendar days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds of issues by the Issuer will be used for its general corporate purposes or as set out in the relevant Final Terms.

Air France-KLM Sustainability-Linked Financing Framework

The Sustainability-Linked Financing Framework, available on the Issuer's website (https://www.airfranceklm.com/sites/default/files/2022-12/AFK_ESG_V5_VA.pdf), has been established in accordance with the recommendations of the Sustainability-Linked Bond Principles ("SLBP") as administered and published by the International Capital Markets Association ("ICMA") in June 2020¹.

The following five components, as detailed in the Sustainability-Linked Financing Framework, form the basis of the Sustainability-Linked Financing Framework:

1. Selection of Key Performance Indicator (KPI);
2. Calibration of Sustainability Performance Targets (SPTs);
3. Characteristics of Sustainability-Linked Financing Instruments;
4. Reporting; and
5. Verification.

The Sustainability-Linked Financing Framework will be used for any potential debt financing instruments ("**Sustainability-Linked Financing Instruments**"), including, but not limited to, Sustainability-Linked Notes. The Sustainability-Linked Financing Framework will apply to any such Sustainability-Linked Notes issued by Air France-KLM and will continue to do so as long as any such Sustainability-Linked Notes remain outstanding.

Selection of Key Performance Indicator

Air France-KLM has selected one Key Performance Indicator (KPI) that is relevant, core and material to its overall business and of high strategic significance to the Air France-KLM group's current and/or future operations. The KPI is aligned with the Sustainable Development roadmap and the United Nations 2030 Sustainable Development Goals as part of the 2030 Agenda.

KPI : Greenhouse gas emissions intensity

Definition	GHG emissions intensity
Unit	Metric tons of CO2 equivalent per Revenue Tonne Kilometer (gCO2e/RTK)
Rationale for selection	As detailed in the first section, fight against climate change is the most material environmental issue for the aviation sector, with civil aviation emitting around 2.4% of global emissions. The sector's GHG emissions increased by 40% between 2005 and 2019, due to strong traffic growth, despite continuous improvements in the energy efficiency of aircraft, engines, and their operation. It is therefore key that air transport emissions start to decrease significantly, to mitigate its impact on climate change globally.
Perimeter and Scope	<p>This KPI covers the absolute value of the scope 1 (emissions from direct activities for Air France Group and KLM Group) and scope 3 (Upstream emissions from fuel production) CO2 emissions of the Group operations, divided by the sum of RTK (Revenue Tonne Kilometer) and RPK (Revenue Passenger Kilometer), representing all industry segments in which Air France-KLM group operates.</p> <ul style="list-style-type: none"> - RTK is the most commonly used unit of measure of freight transport which represent the transport of one tonne of goods by air over a distance of one kilometer; - RPK is the most commonly used unit of measure representing the transport of one paid passenger by air over one kilometer. <p>The scope of activities taken into account for its assessment is the same as the one used for the URD:</p> <ul style="list-style-type: none"> • For the flight operations, the scope covers: <ul style="list-style-type: none"> - Air France Group scope: all flights under AF code operated by Air France and HOP, all flights under TO code operated by Transavia France. - KLM Group scope: all flights operated by KLM, KLM Cityhopper, Martinair and Transavia Netherland. • For the ground operations, the scope covers: <ul style="list-style-type: none"> - Air France consolidated subsidiaries: HOP!, CRMA, Sodexi, BlueLink and Transavia France. - KLM consolidated subsidiaries: KLC (KLM Cityhopper), KES (KLM Equipment Services), KCS (KLM Catering Services), KHS (KLM Health Services), Transavia Netherlands, Martinair and EPCOR (for a portion of the indicators). <p>The scope covers nearly 100% of the sites in France and the Netherlands (some very small subsidiaries being excluded). The international stations are not taken into account (partially for the French Overseas Departments and Territories).</p> <p>Most of the GHG emissions are generated by Air France – KLM group's direct activities (scope 1 representing around 74% of the Group's footprint in 2019 with mainly flight operations which represent 99.7% of the scope 1), and its indirect emissions linked to fuel production (scope 3 representing 19% of the Group's footprint in 2019). The KPI does therefore not include scope 2 (emissions from electricity) which represent less than 0.1% of the Group's footprint in 2019, neither the rest of scope 3 emissions, which represent 7 to 8% of the Group's footprint.</p> <p>Carbon offset and avoided emissions are not included in the KPI calculation to comply with SBTi methodology and framework</p>
Methodology for calculation	<p>Absolute emissions are calculated based exclusively on an operational control basis. Emissions are reported in totality for the site if the Group has full operational control, whether it owns the site or not and whether it owns a majority share (50%) of the company or more.</p> <p>GHG emissions are calculated by the Group based on the GHG Protocol Standard and other key external inputs (e.g. emission factors) and reduction targets are accounted following the SBTi methodology.</p>

	Calculations and scope for this KPI are established by Air France KLM group in accordance with SBTi guidelines.
Verification	This KPI historical data, baseline and future performance are/will be independently verified by the Statutory Auditors before publication on an annual basis. The Statutory Auditors will issue a limited assurance report available in Air France KLM's Universal Registration Document (URD).
Baseline	"GHG emissions intensity" in 2019 (baseline): 948 gCO ₂ e/RTK.

For more details on this KPI, please see the Sustainability-Linked Financing Framework available on the website of the Issuer (https://www.airfranceklm.com/sites/default/files/2022-12/AFK_ESG_V5_VA.pdf).

Calibration of the Sustainability Performance Targets (SPTs)

Air France-KLM has set ambitious Sustainability Performance Targets ("SPTs") to highlight its sustainability commitment outlined at the beginning of the Sustainability-Linked Financing Framework, with both short- and long-term trajectories. The number of SPTs will vary depending on the maturity of the contemplated Sustainability-Linked Notes. For each Sustainability-Linked Notes issued under the Sustainability-Linked Financing Framework, the applicable SPT(s) and the observation date(s) at which compliance with the applicable SPT(s) will be assessed (the "Target Observation Date(s)") will be detailed in the relevant Final Terms. The SPT observation period will be aligned with the fiscal annual reporting period (i.e. from 1st of January to 31st of December).

Greenhouse gas emissions intensity

- **SPT 1.1:** GHG emissions intensity reduction by 10% by 2025 from a 2019 baseline.
- **SPT 1.2:** GHG emissions intensity reduction by 30% by 2030 from a 2019 baseline.

Targets and KPI historical data

KPI (gCO ₂ e/RTK)	2019	2020	2021	2025	2030
CO ₂ emissions intensity	948	1104	944	851	672
SPT - % reduction		+16 %	-0.4 %	-10 %	-30 %

Characteristics of the Sustainability-Linked Notes

For the avoidance of doubt, unless otherwise stated, the proceeds of any Sustainability-Linked Note issuances will be used for general corporate purposes or such other purpose specified in the relevant Final Terms. Air France-KLM will assign structural and/or financial implications to the achievement or non-achievement of the pre-defined SPT(s) at the relevant Target Observation Date(s) specified in the relevant Final Terms. These structural and/or financial implications may include, but are not limited to, a coupon step-up or the payment of a premium at maturity of the relevant Sustainability-Linked Notes. In any case these implications would be meaningful and commensurate as aligned with market practices.

If the Air France-KLM group fails to comply with some reporting or verifications, as specified in the Terms and Conditions of the Notes, or if the Air France-KLM group is no able to calculate or observe the KPI in a satisfactory manner, the defined structural and/or financial implications will be triggered and applied as if the relevant SPT was not met on the relevant Target Observation Date.

Reporting

On an annual basis, Air France-KLM will publish on its website the performance of the KPI to any Sustainability-Linked Note(s) outstanding until the achievement of the relevant selected SPT(s). This reporting will be made publicly available within each relevant URD of the Air France-KLM group and could include:

- information on the performance and monitoring of the KPI;
- verification assurance report relative to the SPT outlining the performance against the SPT and the related impact, and timing of such impact, on an instrument's financial performance; and
- any relevant information enabling investors to monitor the progress of the SPT.

With respect to any particular issue of Sustainability-Linked Notes, the reporting obligation of Air France-KLM will be made in accordance with Condition 6.5.4 of the Terms and Conditions of the Notes.

When relevant, information may also include any re-assessments of the KPI and/or restatement of the SPT and/or pro-forma adjustments of baseline or KPI scope.

Verification

Pre-Issuance Verification

Air France-KLM Sustainability-Linked Financing Framework has been reviewed by Moody's Investor Services (the "SPO Provider") which provided a second party opinion ("Second Party Opinion"), confirming (i) the alignment of the Sustainability-Linked Financing Framework with the SLBP 2020 as administered and published by ICMA and (ii) the significant contribution to sustainability.

The Second Party Opinion will be made available to the public on Air France-KLM group's website.

Post-Issuance Verification

Air France-KLM group annual performance on the KPI at the relevant Target Observation Date will be verified by an External Verifier to a limited level of assurance, the result of which will be included in the annual URD of Air France-KLM group as per Condition 6.5.4 of the Terms and Conditions of the Notes.

Update and amendment of the Sustainability-Linked Financing Framework

Air France-KLM group may review the Sustainability-Linked Financing Framework from time to time to ensure continued alignment with the relevant voluntary market principles, emerging standards and classification systems. Air France-KLM welcomes the announcement by the Italian Government granting the exclusivity to the Consortium formed by Certares - as equity partner - and Air France-KLM and Delta Air Lines - as commercial partners - for the next phase of the negotiations for the potential acquisition of a participation in ITA Airways held directly by the Ministry of Economy and Finance of the Italian Government.

Should this operation be concluded, Air France-KLM would become a commercial and operational partner of the Italian airline, as part of the consortium led by Certares. Air France-KLM at this stage is not investing in ITA's capital structure. However, Air France-KLM Group could consider in the medium term to take a minority stake in ITA.

Air France-KLM has a longstanding relationship with ITA and previously with Alitalia. Together with its Joint Venture partner Delta Air Lines, Air France-KLM looks forward to fostering closer ties with ITA and building upon the existing commercial partnership the airlines have formed, in particular through the implementation of codeshare agreements and ITA's entry into the SkyTeam alliance, of which Air France-KLM and Delta are founding members.

Air France-KLM would like to thank the Italian government for its consideration throughout the bidding process, during which Certares, Air France-KLM and Delta Air Lines notably emphasized the strong commercial opportunities this deal would bring ITA subject to obtaining all relevant approvals. This includes an increased presence on the North Atlantic axis, on which Air France-KLM, Delta and Virgin Atlantic operate the largest joint venture, as well as the opportunity to build an exclusive partnership between Air France-KLM's Flying Blue, Delta's Sky Miles and ITA's Volare – one of Italy's largest frequent flyer program-, to the benefit of the Italian carrier's customers.

Air France-KLM pushes its sustainability targets forward with major multi-year Sustainable Aviation Fuel (SAF) purchase agreements

- Air France-KLM has signed two binding multi-year contracts with SAF providers Neste and DG Fuels for a total volume of 1.6 million tons.
- These contracts represent a first step by the Group towards achieving its 10% SAF incorporation targets by 2030 and will cover approximately 3 of those 10%.
- First deliveries are expected in 2023.

As a leader in the use of Sustainable Aviation Fuel (SAF), the Air France-KLM Group is reaffirming its commitment in making the aviation sector more sustainable, and is taking a decisive step forward by signing the first set of long-term supply agreements to cover the SAF needs of its airlines for the coming years.

The agreements cover the supply of a total volume of 1.6 million tons of sustainable aviation fuel between 2023 and 2036, which will avoid 4.7 million tons emissions of CO₂ on full lifecycle basis compared to fossil fuels.

First Air France-KLM partners are:

- Neste: supplying 1 million tons over the period 2023 to 2030.
- DG Fuels: supplying 600.000 tons over the period 2027 to 2036.

Partnership discussions are currently underway to add additional suppliers with the aim of gradually establishing a diversified network capable of meeting the supply needs worldwide.

Fully committed to reducing its environmental impact, the Air France-KLM Group aims to reduce its CO₂ emissions per passenger/km by 30% by 2030 compared to 2019 – a target which has been submitted to SBTi. Its decarbonisation trajectory factors in the incorporation of 10% SAF by 2030, alongside fleet renewal and eco-piloting. These contracts represent a first step by the Group towards achieving its 10% SAF incorporation targets by 2030 and will cover approximately 3 of the 10% SAF requirements.

By committing to long-term fuel purchases now, Air France-KLM supports the development of the SAF production industry, which is still in its infancy worldwide (in 2021, SAF production represented 0.01% of the jet fuel consumed worldwide), resulting in prices 3 to 4 times higher compared to conventional kerosene. By increasing use and demand, Air France-KLM aims to play its part in increasing the scale of commercial SAF production for wider adoption by 2030.

These significant off-take agreements made by Air France-KLM are key to the Group's decarbonisation commitments. The efforts will be reinforced by additional environmental commitments in the coming years (new SAF contracts, R&D on e-fuels or hydrogens, Direct Air Carbon Capture and Storage (DACCS), etc.). However, the global objective of zero net emissions by 2050 can only be achieved if all public and private parties work together to make this transition a success. This could involve incentive mechanisms, such as those already in place in the United States and notably in the state of California.

“Decarbonisation is the biggest challenge the aviation industry has ever faced. Air France-KLM is activating all available levers to reduce its environmental impact: fleet renewal, eco-piloting, and the increased use of certified Sustainable Aviation Fuels”, said Benjamin Smith, CEO of Air France-KLM. “The contracts we have signed embody our long-term commitment to the development of SAF production capabilities around the world, to the benefit of the industry as a whole. We look forward to working with Neste and DG Fuels, with whom we have established solid partnerships which will pave the way to the creation of a global network of providers capable of meeting our future needs.”

Sustainable aviation fuel, an essential lever to reduce the environmental impact of the airline industry

Sustainable aviation fuels are one of the most promising ways of reducing CO₂ emissions in the aviation industry, next to reducing fuel use. SAF can reduce CO₂ emissions by an average of 80% compared to conventional fuel on a life cycle basis and does not require any engine modifications. The current generation of SAF can be made from used cooking oil, waste, and agricultural and forestry residues. In the future, synthetic sustainable aviation fuels will also become available, made from hydrogen and captured carbon.

Air France-KLM has established a strict sourcing policy under which it commits itself only to purchase SAF that does not compete with human food or animal feed supply, that are RSB or ISCC+ certified for their sustainability, and that are not derived from palm oil.

Air France-KLM is also incorporating up to 1% SAF on a one-year overall for its flights from France and the Netherlands, in order for instance to comply with the French legislation in force since January 2022.

Air France-KLM, a leader in the use of sustainable aviation fuel

The Air France-KLM Group has been investing in the testing and use of sustainable aviation fuel for more than 15 years. In 2011, KLM conducted the world's first commercial flight partially fuelled with SAF, while Air France launched the 'Lab Line for the Future' in 2014, a two-year experiment during which 78 flights between Paris-Orly and Toulouse and between Paris-Orly and Nice were partially fuelled with sustainable aviation fuel.

Air France-KLM also supports the development of a production chain in France and the Netherlands. In 2020, Air France worked together with Airbus, Safran, Suez and Total to promote the growth of the SAF production chain in France. The following year, Air France operated its first long-haul flight fuelled by SAF produced entirely in France, while KLM operated the world's first commercial flight with synthetic fuel produced in the Netherlands.

In June this year, several SAF-powered flights were operated by all of the Group's airlines as part of the 'Connecting Europe Days' organized by the European Commission.

Press release dated 7 November 2022

The solid improvement in operating performance over the first nine months of the year have allowed the Group to accelerate the repayment of financing received during the Covid-19 crisis.

This early repayment will improve the Group’s debt profile by reducing financial costs and limiting exposure to floating rates.

Continuing the positive trend observed in the first half of 2022, Air France-KLM published its third-quarter financial results on Oct. 27th that confirmed the strong improvement of its revenues, operating result and adjusted operating free cash-flow, allowing the Group’s net cash position to approach €9.8 billion.

In this favorable context, Air France-KLM has reached an agreement with the French state and the syndicate of nine banks participating in the PGE to proceed with the early redemption of €1 billion out of the €3.5 billion outstanding. This amount includes €800 million for settlement of the tranche maturing on May 6th, 2023, and €200 million of the tranche maturing on May 6th, 2024.

In December 2021, Air France-KLM had made an early repayment of €500 million out of the initial outstanding €4 billion. With this additional early repayment of €1 billion, the total outstanding amount of the PGE is reduced to €2.5 billion euros, with the following repayment profile:

May 2024: partial redemption of €1.15 billion, leaving an outstanding amount of €1.35 billion,

May 2025: final repayment of €1.35 billion (no further outstanding amount thereafter).

Press release dated 5 December 2022

Air France-KLM and TotalEnergies sign memorandum of understanding to supply sustainable aviation fuel for 10 years.

Air France-KLM and TotalEnergies have signed a Memorandum of Understanding (MoU) that will see TotalEnergies deliver more than one million cubic metres or 800,000 tonnes of Sustainable Aviation Fuel (SAF) to Air France-KLM Group airlines over a 10-year period, starting in 2023.

This SAF will be produced by TotalEnergies at its biorefineries and will be made available to the Air France-KLM Group’s airlines, mainly for flights departing from France (in accordance with French legislation) and the Netherlands.

SAF fuels reduce CO2 emissions by an average of at least 80% over their entire lifecycle, compared to their fossil equivalent.

Air France-KLM has implemented a strict sourcing policy and is committed to procuring only SAF fuels that do not compete with human food or animal feed, that are RSB or ISCC certified for sustainability, and that are not derived from palm oil.

With the signing of this MoU, Air France-KLM and TotalEnergies confirm their collaboration and their goal of furthering the development of a more responsible aviation sector.

A long-standing partnership in support of the aviation sector’s decarbonization

The Air France-KLM Group and TotalEnergies have been collaborating on the use of sustainable aviation fuel for nearly 10 years. Their partnership began in 2014 with “Lab Line for the Future,” a two-year experiment during which 78 Air France flights between Paris-Orly and Toulouse, and between Paris-Orly and Nice were fuelled with 10% SAF supplied by TotalEnergies.

In January 2020, Air France and TotalEnergies participated, alongside Safran and Suez, in the Call for Expression of Interest initiated by the French government with the aim of developing sustainable aviation fuel production in France.

Over the last two years, TotalEnergies has also supplied SAF for a number of Air France-KLM Group’s commercial flights:

- In May 2021, the first Air France long-haul flight, between Paris and Montreal, powered with a blend that included 16% SAF produced in France;
- In October 2021, an Air France flight between Paris and Nice was powered with 30% SAF;
- In May 2022, an Air France flight operated as part of the SkyTeam Sustainable Flight Challenge, between Paris and Montreal, with 16% SAF;
- In June 2022, several flights, planned by all of the Air France-KLM Group’s airlines as part of the Connecting Europe Days, were powered with 30% SAF.

“Air France-KLM is fully committed to advancing SAF production in Europe and around the world. This Memorandum of Understanding with TotalEnergies is another building block to further the development of a French SAF industry that can meet the airlines’ needs. This therefore marks a fundamental milestone in the successful decarbonization of our business. We are continuing to step up our efforts to reduce the impact of our operations as quickly as possible,” said **Benjamin Smith, Chief Executive Officer of Air France-KLM**.

“Biofuel development is one of our Company’s strategic priorities. This new partnership with Air France-KLM exemplifies the excellence of industry and French aerospace in committing to a more sustainable aviation sector. By directly reducing the carbon intensity of the energy products used by our air transport customers, we are actively working with them to achieve net-zero emissions by 2050, together with society,” said **Patrick Pouyanné, Chairman and CEO of TotalEnergies**.

TotalEnergies and sustainable aviation fuels

TotalEnergies is developing sustainable aviation fuels (SAFs). These are biofuels made from waste and residue sourced from the circular economy (animal fat, used cooking oil, etc.) and “e-jets”, synthetic fuels for aviation. These sustainable aviation fuels will significantly reduce CO2 emissions from air transport. TotalEnergies aims to produce 1.5 million tonnes of sustainable aviation fuel by 2030.

TotalEnergies and aviation With nearly 280 airlines supplied at more than 300 airports worldwide, TotalEnergies is one of the leaders in aviation refuelling in France, Europe and Africa. The Company offers a comprehensive range of products (SAF, Jet A-1, Avgas) and services to meet the needs of each of its customers: business and leisure aviation, the aerospace industry, airports, airlines, etc.

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a dealer agreement dated 21 December 2022 (the "**Dealer Agreement**") between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis to the permanent dealers (the "**Permanent Dealers**"). However, the Issuer has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (together with the Permanent Dealers, the "**Dealers**"). The Notes may also be sold by the Issuer through the Dealers, acting as agents for the Issuer.

The Issuer will pay each relevant Dealer the commission agreed between them in respect of the Notes subscribed by or through such Dealer.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

They (i) have engaged or may engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions that may involve securities and financial instruments issued by any entity of the Group, (ii) may act as underwriters in connection with offering of debt or equity securities or other financial instruments issued by any entity of the Group or (iii) may act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers or their respective affiliates have or may hold positions, deal or make markets in debt or equity securities or other financial instruments (or related derivative securities) issued by entities of the Group including the Notes issued under the Programme, for their own account and for the accounts of their customers. Where applicable, they have or will receive customary fees and commissions for these transactions. Certain of the Dealers or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers or their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. The Dealers, the Calculation Agent, the Make-Whole Calculation Agent and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. For the avoidance of doubt, the term "affiliate(s)" also includes parent companies.
